The Licensee acts as a central purchasing body within the meaning of Act No. 134/2016 Coll., on Public Procurement, as amended, for concluding license agreements on behalf of Participating Institutions as listed in Appendix B ("**Participating Institutions**") as part of the project CzechELib. In the event the Licensee is listed in Appendix B, all and any provisions related to Participating Institutions shall be without any limitation applicable also to the Licensee.

The Licensee shall be entitled to grant the necessary authorization or sublicense to Participating Institutions.

In consideration of the mutual promises contained herein and other good and valuable considerations, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. Subject of the Agreement, Content of Licensed Materials; Grant of License

- 1.1 **Subject of the Agreement.** The subject of this Agreement is to define the conditions of cooperation and the rights and duties of the Parties while providing the Licensed Materials to the Licensee and the Participating Institutions as defined in this Agreement.
- 1.2 **Licensed Materials.** The materials that are the subject of this Agreement are set forth in Appendix A ("**Licensed Materials**").
- 1.3 **Grant of License.** The Licensors hereby grants to the Licensee a non-exclusive, non-transferable (except the following sublicenses or other corresponding authorization), system-wide right (regardless whether in form of a license or a sublicense) to use the Licensed Materials pursuant to this Agreement, limited to the territory of the Czech Republic. The Licensee is entitled to grant the sublicenses or any other corresponding authorization to the Participating Institutions in order to provide the Licensed Materials to the Authorized Users (as defined in Section 4.1 of this agreement) of the Participating Institutions in accordance with the terms of this Agreement.
- 1.4 **Ownership of Intellectual Property.** Nothing in this Agreement shall be construed, interpreted or understood as transfer of ownership of any copyright, trademarks, service marks or any other intellectual property from the Licensors or its suppliers to the Licensee or the Authorized Users.

2. Delivery & Access

- 2.1 The Licensors will provide the Licensed Materials to the Licensee and to the Participating Institutions in the following manner:

Network Access. The Licensed Materials will be stored at one or more of the Licensors' locations in digital form accessible by telecommunication links between such locations and authorized locations of the Licensee and the Participating Institutions.

3. Fees

- 3.1 **Fees and Payment.** The Licensee shall pay the Licensors a fee for the license concerning the Licensed Materials pursuant to the terms set forth in Appendix A based on an invoice issued by the Licensors ("**Fee**"). All Fees are due and payable by the Licensee by 15 May of the respective calendar year, unless otherwise stipulated in Appendix A.
- 3.2 **Incomplete Payment.** The Licensee may cover the invoice partially if a Participating Institution did not provide its financial contribution in time. In the event of such

incomplete payment, the Licensee will notify the Licensor in writing of the intended difference no less than ten (10) days prior to the due date. In such case the Licensee is not in delay with the payment. The Licensor may suspend the access of such Participating Institution until the Fee is completely paid.

- 3.3 **Change of number of Participating Institutions listed in Appendix B.** In case any Participating Institution shall lose its status as a Participating Institution or in case any Potential Participating Institution and/or new scientific (or similar) institution shall reveal its intent to become a Participating Institution, the Licensor shall enter into negotiations with the Licensee to amend this Agreement and to correspondingly renegotiate the Fee.

4. Authorized Use of Licensed Materials

- 4.1 **Authorized Users.** "Authorized Users" are:

- (a) **Persons affiliated with the Participating Institutions.** Full and part-time employees (including faculty, staff, and independent contractors whose assignment is the provision or support of educational, research or similar services or academic administration) of the Participating Institutions and students of the Participating Institutions, and registered users, regardless of the physical location of such persons. For authorized sites of the Participating Institutions, see Appendix B. Should the Licensee be listed in the Appendix B as the Participating Institution, all provisions concerning the Participating Institution and the Authorized Users shall apply also with respect to the Licensee. The Authorized Users shall not include technical personnel providing e.g. cleaning, maintenance or construction services.
- (b) **Walk-ins.** Persons not affiliated with the Participating Institutions who are physically present at the Participating Institutions' site(s) ("**Walk-ins**").

- 4.2 **Access by and Authentication of Authorized Users.** Authorized Users of the Participating Institutions shall be granted access to the Licensed Materials pursuant to the following:

- (a) **Shibboleth.** The Licensee acknowledges that the Licensor uses for identification and authentication of Authorized Users based on its own decision Shibboleth through the Czech academic federation identity EduID.cz. These accounts are administered by the Participating Institution. The Licensor was allowed to choose and was solely responsible for choosing its identification and authentication of Authorized Users tools without any involvement, intervention or authority of the Licensee.
- (b) **IP Addresses.** In a case that a Participating Institution does not use Shibboleth or other identification and authentication of Authorized Users tools as determined by the Licensor, Authorized Users shall be identified and authenticated by the use of Internet Protocol ("**IP**") addresses provided by the Licensee to the Licensor. The use of proxy servers by the Licensee or the Participating Institutions is authorized

as long as any proxy server IP addresses provided limit remote or off-campus access to the Authorized Users. Authorized IP Addresses are listed in Appendix C. An updated list will be sent to the Licensor on an annual or as-needed basis without the need to amend this Agreement. The Licensee and the Licensor shall cooperate in the implementation of new authentication protocols and procedures as they are developed during the term of this Agreement if economically viable. Both the Licensee and the Licensor will provide cooperation to coordinate or facilitate this process but they will not be liable for correct implementation of such authentication protocols and procedures (which remain the full responsibility of the Licensor and/or the respective Participating Institution).

- (c) Licensor-Administered Authentication. Where the Licensor provides alternative methods of access and authentication beyond the IP addresses pursuant to Section (b), e.g. by allowing users to establish a personal login from an on-campus IP address (thereby enabling access via username and password when logging in to a website of the Licensor) or device authentication, which affiliates the device or application by use of a token, cookie, or vendor-managed proxy prefix, neither the Licensee nor any Participating Institution will be responsible or liable for claims of breach or validity of such use. Neither the Licensee nor any of the Participating Institutions shall be responsible or liable for the processing of personally identifiable information (personal data) by the Licensor in this matter as this remains its full liability.
- (d) Personally Identifiable Information (Personal Data) of Authorized Users. Both the Licensee and the Licensor together and individually acknowledge and agree that the Licensee neither transfers nor provides any personally identifiable information (personal data) of the Authorized Users to the Licensor. The Licensor is required to ensure lawful processing of any personally identifiable information (personal data) as the Licensee neither determines which personally identifiable information (personal data) should be processed nor processes such personally identifiable information (personal data) of the Authorized Users. The Licensee also does not determine the purposes or means of the processing of personally identifiable information (personal data) of the Authorized Users. This does not preclude the Licensee to hand over the contact details of the Participating Institutions' contact persons or other personal data where the Licensee has a valid legal basis therefor.

4.3 **Authorized Uses.** The Participating Institutions and the Authorized Users may make all use of the Licensed Materials as is consistent with the applicable law and with this Agreement (and the Access Conditions detailed in Appendix A), including but not limited to the following licensing conditions ("**Authorized Uses**"). In addition, the Licensed Materials may be used for purposes of research, education or other non-commercial use as follows, provided such use does not breach the technical protection of the Licensed Materials implemented by Licensor:

- (a) Display. The Participating Institutions and the Authorized Users shall have the right to electronically display the Licensed Materials.

- (b) Digital Copy. The Participating Institutions and Authorized Users may download and digitally copy a reasonable portion of the Licensed Materials.

- (f) Caching. The Participating Institutions and the Authorized Users are authorized in the course of an automatic process of an internet browser or any other software to make temporary local digital copies of the Licensed Materials in order to ensure proper operation and use of such internet browser or for proper functioning of such software. For the avoidance of doubt, the cached copy is not a derivative work.
- (g) Classroom Use. The Participating Institutions and the Authorized Users may distribute single copies of individual articles or items of the Licensed Materials in print or electronic form to the Authorized Users. For the avoidance of doubt, classroom handouts shall include the distribution of a copy for teaching purposes to all individual Authorized Users in a class at Authorized Sites (Appendix B).
- (h) Collections of Information. The Participating Institutions and the Authorized Users shall be permitted to extract or use information contained in the Licensed Materials for educational, scientific, or research purposes, including extraction and manipulation of information for the purpose of illustration, explanation, example, comment, criticism, teaching, research, or analysis. This does not mean that they can omit proper citations and other formalities required by law and the principles of good academic conduct.
- (i) Course Packs (Print and Electronic). The Participating Institutions and the Authorized Users may use a reasonable portion (such as short abstract) of the Licensed Materials in the preparation of a packet of the materials used in the classroom ("**Course Packs**") or other educational materials.
- (j) Course Reserves (Print and Electronic). The Participating Institutions and the Authorized Users may use a reasonable portion (such as short abstract) of the Licensed Materials in connection with specific courses of instruction offered by the Participating Institutions.
- (k) Electronic Links. The Participating Institutions and the Authorized Users may provide hyperlinks from the Participating Institutions' and the Authorized Users' web page(s) or website(s) to individual units of content within the Licensed Materials.
- (l) Scholarly Sharing. On an ad hoc basis, the Authorized Users may transmit to a third party, in hard copy or electronically, minimal, insubstantial amounts or a

portion of the Licensed Materials for personal use or scholarly, educational, or scientific research or professional use in the nature of collaboration, comment, or scholarly exchange of ideas but in no case for resale or commercial purposes or in a manner that would substitute for direct access to the Licensed Materials via services offered by the Licensor.

(m) Text and Data Mining. The Authorized Users may upon a prior written agreement with the Licensor in a specific case use the Licensed Materials to perform and engage in text and/or data mining activities for academic research, scholarship, and other educational purposes and may utilize and share the results of text and/or data mining in their scholarly work and make the results available for use by others, so long as the purpose is not for commercial use or to create a product for use by third parties that would substitute for the Licensed Materials. The Licensor will, upon receipt of a written request, cooperate with the Licensee and the Authorized Users as will be reasonably necessary for making the Licensed Materials available in a manner and form most useful to the Authorized User.

(n) Interlibrary Loan. Intentionally omitted.

(o) Bibliographic Citations. The Participating Institutions and the Authorized Users may use, with appropriate credit given, figures, tables, and brief excerpts from the Licensed Materials in the Participating Institutions' and the Authorized Users' own scientific, scholarly, and educational works. For the avoidance of doubt, the Participating Institutions and the Authorized Users may use citation and abstract information in faculty profiling systems, in lists of publications on faculty and institutional web pages, and to create bibliographies, and store a single copy of an individual document being part of the Licensed Materials, including within secure personal bibliographic reference/citation management systems.

4.4 **No Diminution of Rights.** Nothing in this Agreement, including but not limited to the Authorized Uses, shall be interpreted to diminish the rights and privileges of the Licensee, the Participating Institutions or the Authorized Users with respect to any of the Licensed Materials, including exceptions or limitations regarding the exclusive rights of copyright owners. In the event that any content included in the Licensed Materials is in the public domain or has been issued under a Creative Commons or other open license, the Licensor shall not place access, use or other restrictions on that content beyond those found in the open license, where applicable.

4.5 **The Rights of the Author to Use Own Work.** Intentionally omitted.

4.6 Intentionally omitted.

4.7 **Definitions:** Intentionally omitted.

4.8 **Scope of Authorized Use and Access to Licensed Materials.**

(a) Unlimited Access. Subject to the terms of this Agreement and Conditions of Use and Access (detailed in Appendix A), the Participating Institutions and the Authorized Users shall have unlimited and simultaneous user access to the Licensed Materials with the mentioned exceptions (such as Walk-ins).

5. Specific Restrictions on Use of Licensed Materials

- 5.1 **Unauthorized Use.** The Participating Institutions or the Authorized Users shall not knowingly permit anyone other than Authorized Users to access the Licensed Materials. Distributing or communicating to the public or any third-parties the content or parts of the content of the Licensed Materials in other way than allowed in this Agreement or by law is not allowed. In particular, Unauthorized Use means unauthorized distribution, reproduction, systematic printing, rental or lending. Any use of the Licensed Material other than allowed by this Agreement in section 4 of this Agreement or by law is prohibited.

For the avoidance of doubt, research conducted by the Participating Institutions and Authorized Users that is supported by a commercial entity shall not be considered use for commercial purposes.

6. Mutual Performance Obligations

- 6.1 **Notification and Cure of Unauthorized Use.** In the event the Licensee and/or any of the Participating Institutions becomes aware of an unauthorized use of the Licensed Materials, the Licensee or the Participating Institution shall without undue delay notify the Licensor and perform prompt actions to remedy it. In the event the Licensor becomes aware of unauthorized use of the Licensed Materials, the Licensor will without undue delay notify the Licensee and the respective Participating Institution in writing.
- 6.2 In the case of unauthorized use which is causing immediate material harm to the Licensor, the Licensor may temporarily suspend such offending individual Authorized User's access to the Licensed Materials (e.g. by blocking an individual user's IP address), provided that the Licensor immediately notifies the Licensee and the respective Participating Institution of any such suspension, including the reason for the suspension and any supporting details. Such temporary suspensions will be only of the shortest possible duration and the maximally limited extent necessary to

terminate the unauthorized use and prevent its resumption Any unauthorized use that is considered a material breach of obligations under this Agreement can serve as a reason for termination of this Agreement pursuant to Section 11. In the event that such suspension lasts longer than the shortest period necessary to prevent such unauthorized use, the Licensor is obliged to reimburse the Licensee the respective pro rata part of the Fee (calculated with respect to the actual number of excessively suspended Authorized Users) for the period of duration of such excessive suspension Any excessive suspension of access to the Licensed Materials can serve as a Licensee's reason for termination of this Agreement pursuant to Section 111 of this Agreement.

7. Licensor Performance Obligations

7.1 The Licensor will use reasonable efforts to ensure that its performance will meet or exceed industry standards and practices. Additionally, the Licensor agrees to the following performance standards set out in this Section 7 of the Agreement.

7.3 **Discovery of the Licensed Materials.** The Licensor will make reasonable efforts to make the Licensed Materials available through the Licensee's and/or the Participating Institutions' user interface and search systems for discovering and displaying content from local, database and web-based sources ("**Discovery Service System**") for indexing and discovery purposes. The Licensor shall provide to the Licensee's and/or the Participating Institutions' discovery service vendors on an ongoing basis the citation and complete descriptive metadata in form of bibliographic Marc21 files, which are necessary to facilitate optimal discovery and accessibility of the content for the benefit of the Participating Institutions and the Authorized Users.

7.4 **Persistent Linking.** The Licensor will make reasonable efforts to provide a mechanism for persistent links to content.

7.5 **Online Terms and Conditions.** In the event that the Licensor requires the Authorized Users to agree to additional terms relating to the use of the Licensed

Materials (commonly referred to as "**click-through**" or "**clickwrap**" licenses), or otherwise attempts to impose terms on the Authorized Users through online terms and conditions invoked by the mere use or viewing of the Licensed Materials, such additional terms shall only apply to the Authorized Users who agreed to the respective additional terms. Such additional terms shall not materially differ from the provisions of this Agreement and violation of these additional terms by the Authorized Users will not be considered as breach of this Agreement but merely and exclusively as breach of these additional terms. In the event of any conflict between the additional terms and this Agreement, the terms of this Agreement shall prevail. The Licensor alone shall be liable and responsible for any personal data processing that occurs with respect to these additional online terms and conditions as the Licensor itself determines the scope and purpose of such personal data processing. For the avoidance of doubt, the Authorized Users are not a party to this Agreement.

- 7.6 **Documentation.** The Licensor will provide complete and up-to-date help and operational documentation to the Licensee, the Participating Institutions and the Authorized Users in an electronic format. The Licensor shall use reasonable efforts to provide continuous service seven (7) days a week with an average of 98% up-time per month. The 2% down-time can include periodic unavailability due to server

maintenance; software installation or testing; loading or making available additional Licensed Materials as they become available; and unavailability because of service or equipment failure outside the control of the Licensor (including problems with public or private telecommunication services, or Internet nodes or facilities). The Licensor may schedule brief unavailability periods, but will do so only where (a) it has given at least forty-eight (48) hours' prior notice to the Licensee, and (b) in a way and at times that minimize inconvenience to the Licensee, the Participating Institutions and its Authorized Users, regardless of when notice has been given.

In the event that the non-conformity materially affects the Participating Institutions' or the Authorized Users' use of the Licensed Materials, and the Licensor fails to remedy the non-conformity within five (5) business days, the Licensor shall reimburse the Licensee for such problems in an amount that is proportional to the Fee.
- 7.12 **Transfer or Acquisition of Titles.** If any portion of the Licensed Materials is transferred to or acquired from another party, the Licensor shall use best efforts to ensure that the Participating Institutions will not lose access to the Licensed Materials or any rights under this Agreement as a result of the transfer or acquisition. If the Licensor is transferring any portion of the Licensed Materials to another party, the Licensor will assign all rights and obligations under this Agreement to the assignee. This completeness excludes print books that contain physical inserts (such as CD), which may not be converted into e-book. Licensee agrees that Licensor may not provide such inserts to Participating Institutions and Authorized Users.

- 7.14 In order to facilitate the assessment of completeness of content, the Licensor will provide upon the Licensee's request a report of the content in the Licensed Materials at the title, issue, chapter, or item level. The Licensor will disclose to the Licensee content known or found to be missing from the Licensed Materials, including but not limited to images, pages, issues, and chapters.
- 7.15 Intentionally omitted.
- 7.16 **Notification of Modifications of Licensed Materials.** Intentionally omitted.
- 7.17 **Withdrawal of Licensed Materials.** The Licensor reserves the right to withdraw from the Licensed Materials any item or part of an item for which it no longer retains the right to publish, or which it has reasonable grounds to believe infringes copyright or is defamatory, obscene, unlawful, or otherwise objectionable. The Licensor shall inform the Licensee and the Participating Institutions about changes in the available Licensed Materials, including newly-available titles and newly-unavailable titles, on a quarterly basis.
- 7.18 If any such withdrawal renders the Licensed Materials substantially less useful to the Licensee, the Participating Institutions or the Authorized Users, the Licensor shall reimburse the Licensee for the withdrawal in an amount proportional to the Fee, unless such Licensed Materials are substituted for newer Materials with similar value. If any such withdrawal renders the Licensed Materials substantially less useful to the Participating Institutions or their Authorized Users and the decrease of available Licensed Materials is higher than 10%, the Licensee may seek to terminate this Agreement for breach pursuant to Section 11 of this agreement.
- 7.19 **Itemized Holdings/Title List.** Prior to the beginning of every calendar year, the Licensor will provide the Licensee with the current itemized holdings report that will specify the titles included in the Licensed Materials for the next Subscription Period (as specified in Section 9.3 of this agreement). The Licensor will use reasonable efforts to update itemized holdings reports as soon as is practicable when the holdings information changes, and will provide this information to the Discovery Service System in a timely manner and to the Licensee on request, maximally on a monthly basis. The Licensors shall not provide usage statistics of any Participating Institution in any form to any third party (with the exception of the Licensee) without the Participating Institution's prior written consent, unless the third party owns rights in the Licensed Materials. In all cases, the disclosure of such data shall fully protect the anonymity of individual users and the confidentiality of their searches, and will comply with all applicable privacy legislation. The Licensors shall not disclose or sell to any third party usage data or information about the Licensee, any Participating Institution or the Authorized Users without the Licensee's and/or the relevant Participating Institution's prior written consent or unless specifically required by law. Licensors may occasionally use such data for demonstration purposes.

- 7.22 **Confidentiality of Personally Identifiable Information (Personal Data).** The Licensors agree that no personally identifiable information (personal data), including but not limited to log-ins recorded in system logs, IP addresses of patrons accessing the system, saved searches, any identification data, usernames and passwords, will be shared with third parties, except in cases required or allowed by the applicable law, particularly by the Data Protection Law (as specified in Section 16.1 of this agreement). - 7.23 **Notice of the Change of Digital Rights Management Technology.** In the event that the Licensors changes the utilization or implements any type of digital rights management ("DRM") technology (compared to the state at the time of the signature of this Agreement) to control the access to or usage of the Licensed Materials, the Licensors will provide the Licensee with a description of the technical specifications of the DRM and how it impacts access to or usage of the Licensed Materials. In no event may such DRM technology be used in a way that would limit the usage rights of the Participating Institution or any Authorized User as specified in this Agreement or under applicable law. If the use of DRM renders the Licensed Materials substantially less useful to the Participating Institutions or their Authorized Users, the Licensee may seek to terminate this Agreement for breach pursuant to Section 11 of this Agreement.
- 7.24 **Use of Digital Watermarking Technology.** In the event that the Licensors utilizes any type of watermarking technology for any element of the Licensed Materials, the watermarks may not reduce the readability of the content or degrade image quality. If digital watermarking technology is changed, the Licensors will notify the Licensee at least thirty (30) days in advance of such implementation, and provide the technical specifications for the new watermarking technology used. If the new use of the watermarking technology renders the Licensed Materials substantially less useful to

the Licensee, the Participating Institutions or their Authorized Users, the Licensee may seek to terminate this Agreement for breach pursuant to Section 11 of this Agreement.

- 7.25 **Interoperability with Prevailing Web Browsers.** The Licensor will use reasonable efforts to ensure that the Licensed Materials are accessible and interoperable with prevailing web browsers and internet access tools, including, at a minimum, the most recent two major versions (current version and one version prior) and all the associated releases for those versions.

Updates to existing records and new title records, matching the schedule of release and delivery of new publications, will be provided on a mutually agreed-upon schedule and in a format that renders them useful to the Licensee and/or the Participating Institutions. Such records may be provided by means of the Licensor's online service.
- 7.28 **Open Access Option.** Intentionally omitted.
- 7.29 The Licensor recognizes and acknowledges that a new Directive on Copyright in the Digital Single Market³ has been adopted by the European Union which implements direct statutory authorizations of research organizations to open access and to employ data mining techniques to materials to which they have lawful access. The Directive provides that these rights may not be contractually excluded. The Member States of the European Union are going to transform this Directive into their national legal orders. The Licensor therefore agrees, once the rules in this Directive become effective, to renegotiate this Agreement to the necessary extent (if necessary). This shall also apply in case of any other obligatory statutory changes.

The Authorized Users, the Licensee and the Participating Institutions are not allowed to breach or bypass the technical protection of the Licensed Materials implemented by Licensor in any way. Any such serious attempt or breach by any specific Authorized User shall be without reasonable delay reported by the Licensor to the Licensee and the respective Participating Institution who shall use reasonable efforts to ensure no further attempt or breach occurs. If no reasonable action is undertaken within (30) days after the attempt or breach was reported, such inaction, with respect to the specific situation, may be considered a Material Breach of this Agreement.
- 8.3 **Maintaining Confidentiality of Access Passwords.** Where access to the Licensed Materials is to be controlled by the use of passwords, the Licensee shall ensure that the Participating Institutions will use reasonable efforts to inform the Authorized Users that they should not divulge their numbers and passwords to any third party. The Licensee shall ensure that the Participating Institutions will also use reasonable efforts to maintain the confidentiality of any institutional passwords provided by the Licensor.
- 8.4 The Licensee shall use all reasonable efforts to ensure that the Participating Institutions will comply with the terms of this Agreement and will use the Licensed Materials in accordance with the license terms set out in this Agreement and will observe proper fulfilment of requirements set out in this Agreement. The Licensee shall use all reasonable efforts to ensure that the Participating Institutions will ensure that the Authorized Users only use the Licensed Materials in accordance with the license terms set out in this Agreement.

9. Term
