Where the performance of the Distributor's obligation depends on the activity and/or cooperation of the Publisher, the Distributor shall ensure and is liable for any violation of the rights and/or obligations stipulated herein as a result of the activity or inactivity of the Publisher and this can serve as a reason for termination of this Agreement pursuant to Section 11.
- 1.2 <u>Subject of the Agreement</u>. The subject of this Agreement is to define the conditions of cooperation and the rights and duties of the Parties while providing the Licensed Materials to the Licensee and the Participating Institutions as defined in this Agreement.
- 1.3 <u>Licensed Materials</u>. The materials that are the subject of this Agreement are set forth in Appendix A ("Licensed Materials").
- 1.4 <u>Grant of License.</u> The Distributor hereby grants to the Licensee a non-exclusive, non-transferable (except the sublicenses authorized by this Agreement), system-wide right, to use the Licensed Materials pursuant to this Agreement, limited to the territory of the Czech Republic. All Fees are due and payable by the Licensee by 15 May of the respective calendar year, unless otherwise stipulated in Appendix A.
- 3.2 <u>Incomplete Payment.</u> The Licensee may cover the invoice partially if a Participating Institution did not provide its financial contribution in time. In the event of such incomplete payment, the Licensee will notify the Distributor in writing of the intended difference no less than ten (10) days prior to the due date. In such case the Licensee is not in delay with the payment and the Distributor or the Publisher may suspend the IP addresses of such Participating Institution until the Fee is completely paid.
- 3.3 Change of number of Participating Institutions listed in Appendix B. In case any Participating Institution shall lose its status as a Participating Institution or in case any Potential Participating Institution and/or new scientific (or similar) institution shall reveal its intent to become a Participating Institution, the Distributor shall enter into negotiations with the Licensee to amend this Agreement and to correspondingly renegotiate the Fee. #### 4.1 Authorized Users. "Authorized Users" are:

- (a) Persons affiliated with the Participating Institutions. Full and part-time employees, faculty, staff and students of the Participating Institutions, regardless of the physical location of such persons. For authorized sites of the Participating Institutions, see Appendix B. Should the Licensee be listed in the Appendix B as the Participating Institution, all provisions concerning the Participating Institution and the Authorized Users shall apply also with respect to the Licensee. Licensee and Participating Institutions may elect to use proxy servers to allow Authorized Users to access the applicable Licensed Materials remotely through the Authorized Sites. If Licensee elects to provide such remote access, Licensee will strictly limit such access only to Authorized Users through a secure method of user verification. Licensee will immediately notify the Distributor and the Publisher if it believes unauthorized access of any Licensed Materials has occurred.
- (b) <u>Walk-ins.</u> Persons not affiliated with the Participating Institutions who are physically present at the Participating Institutions' site(s) ("**Walk-ins**").

- 4.2 <u>Access by and Authentication of Authorized Users.</u> Authorized Users of the Participating Institutions shall be granted access to the Licensed Materials pursuant to the following:
  - (a) IP Addresses. Authorized Users shall be identified and authenticated by the use of Internet Protocol ("IP") addresses provided by the Licensee to the Distributor. The use of proxy servers by the Licensee or the Participating Institutions is authorized as long as any proxy server IP addresses provided limit remote or offcampus access to the Authorized Users. Authorized IP Addresses are listed in Appendix C. An updated list will be sent to the Distributor on an annual or asneeded basis without the need to amend this Agreement. Alternatively, if the Publisher is utilizing its own and/or third-party system for IP range change notification (such as e.g. IP Registry), then an updated list may be sent via such system instead. The Distributor shall ensure that the Publisher shall use reasonable efforts to cooperate with the Participating Institutions in the implementation of new authentication protocols and procedures (such as Shibboleth) as they are developed during the term of this Agreement. Both the Licensee and the Distributor will provide cooperation to coordinate or facilitate this process but they will not be liable for correct implementation of such authentication protocols and procedures (which remain the full responsibility of the Publisher and the respective Participating Institution).
  - (b) Publisher Administered Authentication. Where the Publisher provides alternative methods of access and authentication beyond the Licensee-administered methods described herein when logging in to a website of the Publisher or device authentication, which affiliates the device or application by use of a vendor-managed proxy prefix, neither the Licensee nor any Participating Institution will be responsible or liable for claims of breach or validity of such use except such breach is as a result of the Licensee and/or the Participating Institution acts and/or omissions. Neither the Licensee nor any of the Participating Institutions shall be responsible or liable for the processing of personally identifiable information (personal data) by the Distributor or Publisher in this matter as this remains its full liability.
  - (c) Personally Identifiable Information (Personal Data) of Authorized Users. In case of the Distributor or the Publisher Administered Authentication pursuant to Section 4.2(b) of this Agreement, the Distributor and the Publisher are required to ensure lawful processing of any personally identifiable information (personal data). This does not preclude the Licensee to hand over the contact details of the Participating Institutions' contact persons or other personal data where the Licensee has a valid legal basis therefor.

  - (f) <u>Caching.</u> The Participating Institutions and the Authorized Users are authorized in the course of an automatic process of an internet browser or any other software to make temporary local digital copies of the Licensed Materials in order to ensure proper operation and use of such internet browser or for proper functioning of such software. For the avoidance of doubt, the cached copy is not a derivative work.

- (m) <u>Text and Data Mining.</u> The Authorized Users may use a limited part of only the Licensed Materials published by Wolters Kluwer Health, Inc. to perform and engage in text and/or data mining activities for academic research, scholarship, and other educational purposes and may utilize and share the results of text and/or data mining in their scholarly work and make the results available for use by others, so long as the purpose is not to create a product for use by third parties that would substitute for the Licensed Materials. Requests received from for-profit companies will not be honored. An ILL through secure electronic transmission, as demonstrated by the ARIEL, is permitted. In no event shall Distributor, its affiliates or licensors (including but not limited to, the Publisher), or any of its or their respective directors, officers, employees, or agents, be liable to the Licensee, any Participating Institution, any Authorized User or any third party whose claim arises from or is related to this Agreement, under any theory of tort, contract, strict liability, or other legal or equitable theory, for any claims, damages, or costs of any nature in excess of the license fees paid by Licensee to Distributor during the twelve months preceding the earliest event giving rise to such liability. This limitation of liability and the disclaimers set forth in this Section 14.1 are independent of any remedies set forth herein and will survive and apply even if such remedies are found to have failed of their essential purpose.

- 14.2 Except for the express warranties stated elsewhere in this Agreement, the Licensed Materials, and the platforms and documentation provided by Distributor under this Agreement are furnished by Distributor, its affiliates and licensors (including, but not limited to, the Publisher) and accepted by Licensee, the Participating Institutions and the Authorized Users "as is" and without any warranty whatsoever. Distributor, its affiliates and licensors (including, but not limited to, the Publisher) make no representation or warranty, and expressly disclaim any liability with respect to the content of any of the Licensed Materials, including but not limited to errors or omissions contained therein, libel, infringement of rights of publicity, privacy, trademark rights, moral rights, or the disclosure of confidential information. However, in no way is limited the obligation of the Distributor and/or the Publisher stipulated in Articles 7.14-7.16 and Article 15.
- 14.3 Except for the express warranties stated elsewhere in this Agreement, the Distributor. its affiliates and licensors (including, but not limited to, the Publisher) disclaim any and all other warranties, conditions, or representations (express, implied, oral or written), relating to the Licensed Materials or any part thereof, including, without limitation, any and all implied warranties accuracy, quality, suitability, system availability, compatibility, title, non-infringement, performance, merchantability, fitness for a particular purpose, or otherwise, irrespective of any course of dealing, custom, or usage of trade. In addition, Licensee acknowledges that access to the platforms and the Licensed Materials may be subject to limitations, delays, latency issues, and other problems inherent in the use of the internet and electronic communications, and that Distributor, its affiliates, and its licensors (including, but not limited to, the Publisher) are not responsible for any delays, delivery failures or other damage resulting from such problems provided that any such limitations, delays, latency issues, or other problems were not directly caused by the Publisher. - 14.4 The Licensed Materials are no substitute for individual patient assessment based upon the Licensee's or each Participating Institution's healthcare professionals' examination of each patient. While certain Licensed Materials may describe various

basic principles of diagnosis and therapy, such Licensed Materials should be used as general medical reference materials to assist the healthcare professional in reaching diagnostic and treatment decisions. The Licensee, each Participating Institution and their respective healthcare professionals (including, without limitation, Authorized Users) should exercise their own independent professional and clinical judgment, taking into account information about particular individual patients that cannot be ascertained or taken into account as a part of necessarily generic or summary Licensed Materials. Given continuous, rapid advances and changes in medical science and health information, the Licensee, each Participating Institution and their respective healthcare professionals (including, without limitation, Authorized Users) should consult a variety of sources when prescribing medication, including the manufacturer's "package insert". The absence of a warning for a given drug or drug combination should not be construed to indicate that the drug or drug combination is safe, appropriate or effective in any given patient. The Licensee, and each Participating Institution acknowledges that the professional duty to the patient in providing healthcare services lies solely with the healthcare professional providing patient care services. The Licensee, each Participating Institution and their respective healthcare professionals (including, without limitation, Authorized Users) are solely responsible for the use of any Licensed Materials, and the Licensee's and each Participating Institution's healthcare professionals (including, without limitation, Authorized Users) are responsible for independently reaching any medical judgment. Each Party, including the Publisher, shall (i) only process personal data in compliance with, and shall not cause itself or the other Party or the Publisher to be in breach of Data Protection Law and (ii) act reasonably in providing such information and assistance as the other Party may reasonably request to enable it to comply with its obligations under Data Protection Law.
- 16.3 Each Party will notify the other Party or the Publisher without undue delay if it becomes aware of a personal data breach relating to the processing of personal data in connection with this Agreement and shall act reasonably in co-operating with the other Party in respect of any communications or notifications to be issued to any data subjects and/or supervisory authorities in respect of the personal data breach.
- 16.4 If either Party receives any communication from any supervisory authority relating to the processing or personal data in connection with this Agreement, it shall (i) provide the other Party with reasonable details of such communication, and (ii) act reasonably in co-operating with the other Party in respect of any response to the same.

# 17. Assignment and Transfer

17.1 The Licensee shall not assign this Agreement nor delegate any of its duties, in whole or in part, without the prior express written consent of the Distributor. Unless such action would contradict with the applicable public procurement law, the Distributor may assign this Agreement to its successors, subsidiaries or assigns which will be bound by the same terms and conditions. The Distributor will inform the Licensee on plans of such assignments in advance and provide a time to evaluate such action if required under the applicable public procurement law. An assignee of either Party authorized hereunder shall be bound by the terms of this Agreement and shall have all of the rights and obligations of the assigning Party set forth in this Agreement. - 19.1 In the event of any dispute or controversy arising out of or relating to this Agreement, the Parties agree to exercise good faith to resolve the dispute amicably and as soon as possible. In the event that the Parties fail to settle the dispute amicably within thirty (30) days, they shall submit the dispute to informal mediation, as further described below in this paragraph. The Parties shall continue to perform their respective obligations under this Agreement unless such performance would be objectively hindered due to the existing dispute. The Party invoking mediation shall inform the other Party with a written notice of its decision to seek informal mediation, and the notice must include a description of the subject to the dispute and a proposed resolution thereof. Designated representatives of both Parties shall attempt to resolve the dispute within five (5) working days starting from the day after the delivery of such notice to the other Party. If the designated representatives cannot resolve the dispute, the Parties shall meet at a mutually agreed location and discuss the dispute and their respective proposals for resolution while being represented by their responsible executives, who shall act in good faith to resolve the dispute.
- 19.2 If the dispute is not resolved within thirty (30) days of the meeting among the Parties' executives, either Party may pursue legal action in court. The exclusive jurisdiction and venue for any and all actions arising out of or brought under this Agreement is in a state court of competent jurisdiction, situated in Prague, Czech Republic. During such court action, the Parties shall continue to perform their respective obligations under this Agreement unless such performance would be objectively hindered due to the existing dispute.

Upon the occurrence of such event of force majeure, the Party affected shall promptly notify the other Party in writing setting forth the details of the occurrence of the force majeure event, its expected duration and how that

Party's performance may be affected. The affected Party shall resume the performance of its duties as soon as practicable after the force majeure event ceases. In the event the conditions causing a force majeure event continue for a period of 30 days or longer, then either Party may terminate this Agreement upon 3 days written notice to the other Party.

# 21. Entire Agreement

21.1 This Agreement constitutes the entire agreement of the Parties and supersedes any and all prior communications, understandings, and agreements relating to the subject matter hereof, whether oral or written. For the avoidance of doubt, additional terms and conditions as defined in Section 7.6 of this Agreement shall not modify the terms of this Agreement.

## 22. Amendment

- 22.1 No modification or claimed waiver of any provision of this Agreement shall be valid except by written amendment signed by authorized representatives of the Parties.
- 22.2 The Licensee, in compliance with Section 100(1) of Act no. 134/2016 Sb. on public procurement, as amended, reserves the right to change the commitment under this Agreement, which entails a change in the number of licenses, i.e. an increase in the number of licenses, for the purpose of accommodating additional Potential Participating Institutions as the authorizing contracting authorities with whom the Licensee has entered into a central procurement agreement and a list of which is attached as Appendix B. This reservation will be effected, as the case may be, by means of an amendment to this Agreement based on the interest of Potential Participating Institutions mentioned in the preceding sentence to receive performance under this Agreement. The Parties may include the price for the licenses for these Potential Participating Institutions in the Appendix B.

# 23. Severability

23.1 If any provision or provisions of this Agreement shall be held to be invalid, illegal, unenforceable or in conflict with the law, the validity, legality, and enforceability of the remaining provisions shall not in any way be affected or impaired thereby. # 24. Waiver of Contractual Right

24.1 Waiver of any right, power or remedy herein shall not be deemed a waiver of any other right, power or remedy herein, nor shall waiver of any right, power or remedy

regarding a breach of this Agreement be construed as a continuing waiver of any right, power or remedy regarding other breaches of the same or other provisions of this Agreement.

# 25. Notices
