In consideration of the Read and Publish Fee (as defined in Section 3 and set out in Appendix A) paid by the Licensee to the Distributor in accordance with the payment terms set out in Appendix A, mutual promises contained herein and other good and valuable considerations, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. Representation, Subject of the Agreement, Content of Licensed Materials; Grant of License

- 1.1 **Representation.** The Distributor hereby represents and warrants that it has all the authority, competence and license to grant a license to the Licensed Materials to the Licensee as defined in this Agreement. Where the performance of the Distributor's obligation depends on the activity and/or cooperation of the Publisher, the Distributor shall ensure and is liable for any violation of the rights and/or obligations stipulated herein as a result of the activity or inactivity of the Publisher and this can serve as a reason for termination of this Agreement pursuant to Section 11.
- 1.2 **Subject of the Agreement.** The subject of this Agreement is to define the conditions of cooperation and the rights and duties of the Parties while providing the Licensed Materials to the Licensee and the Participating Institutions as defined in this Agreement.
- 1.3 **Licensed Materials.** The materials that are the subject of this Agreement are set forth in Appendix A ("**Licensed Materials**").
- 1.4 **Grant of License.** The Distributor hereby grants to the Licensee a non-exclusive, non-transferable (except the following sublicenses or other corresponding authorization), system-wide perpetual right, or if perpetual is not objectively possible under applicable law then to the maximum extent permissible under applicable law (regardless whether in form of a license or a sublicense), to use the Licensed Materials pursuant to this Agreement, limited to the territory of the Czech Republic and for the Agreement Term (as defined in Appendix A), except for the Core Collection (as set out in Appendix D) for which the Licensee shall be granted a perpetual licence under Section 12. The Licensee is entitled to grant the sublicenses or any other corresponding authorization to the Participating Institutions in order to provide the Licensed Materials to the Authorized Users (as defined in Section 4.1 of this Agreement) of the Participating Institutions in accordance with the terms of this Agreement.
- 1.5 **Ownership of Intellectual Property.** Nothing in this Agreement shall be construed, interpreted or understood to transfer of ownership of any copyright, trademarks, service marks or any other intellectual property from the Distributor, the Publisher or its suppliers to the Licensee or the Authorized Users.

2. Delivery & Access

3. Fees

- 3.1 **Fees and Payment.** The Licensee shall pay the Distributor a fee for the license concerning the Licensed Materials and Open Access publishing (i.e., the sum of the Prepaid Publication Cap) pursuant to the terms set forth in Appendix A based on an invoice issued by the Distributor ("**Read and Publish Fee**"). The Read and Publish Fees are due and payable by the Licensee by 30 May of the respective calendar year, unless otherwise stipulated in Appendix A.
- 3.2 **Incomplete Payment.** Intentionally left blank.
- 3.3 **Change of number of Participating Institutions listed in Appendix B.** The number of Participating Institutions shall remain the same during the Agreement Term (as defined in Section 9.2) and any case of a Participating Institution losing its status as a Participating Institution shall not affect the number of Participating Institutions. After the Agreement Term only, in the case of any Participating Institution losing its status as a Participating Institution or in case any new scientific (or similar) institution becoming a Participating Institution, the Licensee shall give written notice of this change to the Distributor no less than ninety (90) days before the end of a Subscription Period. The Read and Publish Fee for the next Subscription Period may be amended to reflect the new amount of Participating Institutions, as agreed in advance by the Parties both acting reasonably. In the absence of any agreement between the Parties before the commencement of the next Subscription Period, the Read and Publish Fee shall remain the same as the previous Subscription Period. From the following Subscription Period onwards, the list of Participating Institutions in Appendix B shall be treated as amended to reflect this change.

4. Authorized Use of Licensed Materials

- 4.1 **Authorized Users.** "**Authorized Users**" are:
- (a) **Persons affiliated with the Participating Institutions.** Full and part-time employees (including faculty and staff) of the Participating Institutions and students of the Participating Institutions, and in the case of the public or research libraries, registered users using secure authentication systems implemented by the Licensee or the Participating Institution, regardless of the physical location of

such persons. For authorized sites of the Participating Institutions, see Appendix B. Should the Licensee be listed in the Appendix B as the Participating Institution, all provisions concerning the Participating Institution and the Authorized Users shall apply also with respect to the Licensee.

- (b) Walk-ins. Persons not affiliated with the Participating Institutions who are physically present at the Participating Institutions' site(s) ("**Walk-ins**").

4.2 **Access by and Authentication of Authorized Users.** Authorized Users of the Participating Institutions shall be granted access to the Licensed Materials pursuant to the following:

- (a) IP Addresses. Authorized Users shall be identified and authenticated by the use of Internet Protocol ("**IP**") addresses provided by the Licensee to the Distributor. The use of proxy servers by the Licensee or the Participating Institutions is authorized as long as any proxy server IP addresses provided limit remote or off-campus access to the Authorized Users. Authorized IP Addresses are listed in Appendix C. An updated list will be sent to the Distributor on an annual or as-needed basis, being when there is a change to the Authorized IP Addresses, without the need to amend this Agreement. The Distributor shall ensure that the Publisher shall use reasonable efforts to cooperate with the Participating Institutions in the implementation of new authentication protocols and procedures (such as Shibboleth) as they are developed during the term of this Agreement. Both the Licensee and the Distributor will provide cooperation to coordinate or facilitate this process but they will not be liable for incorrect implementation of such authentication protocols and procedures (which remain the full responsibility of the Publisher and the respective Participating Institution).
- (b) Distributor or Publisher - Administered Authentication. Where the Distributor or the Publisher provides alternative methods of access and authentication beyond the Licensee-administered methods described herein, e.g. by allowing users to establish a personal login from an on-campus IP address (thereby enabling access via username and password when logging in to a website of the Distributor) or device authentication, which affiliates the device or application by use of a token, cookie, or vendor-managed proxy prefix, neither the Licensee nor any Participating Institution will be responsible or liable for claims of breach or validity of such use so long as the Authorized User does not breach any terms of this Agreement in its access and use of the Licensed Materials. Neither the Licensee nor any of the Participating Institutions shall be responsible or liable for the processing of personally identifiable information (personal data) by the Distributor or Publisher in this matter. Distributor and Publisher shall act as data controllers for any personal data collected under this Section 4.2(b), in accordance with Section 16. as this remains its full liability.
- (c) Personally Identifiable Information (Personal Data) of Authorized Users. The Licensee, the Distributor acknowledge and agree that it is the intention of the Parties that the Licensee shall neither transfers nor provides any personally identifiable information (personal data) of the Authorized Users to the Distributor

or the Publisher. Access to the Licensed Materials is primarily granted via IP Addresses pursuant to Section 4.2(a) of this Agreement which prevent any identification of the Authorized User. In case of the Distributor or the Publisher - Administered Authentication pursuant to Section 4.2(b) of this Agreement, the Distributor and the Publisher are required to ensure lawful processing of any personally identifiable information (personal data) in accordance to section 16. This does not preclude the Licensee to hand over the contact details of the Participating Institutions' contact persons or other personal data where the Licensee has a valid legal basis therefor.

- 4.3 **Authorized Uses.** The Participating Institutions and the Authorized Users may make all use of the Licensed Materials as is consistent with the applicable law and with this Agreement and UK copyright law, including but not limited to the following licensing conditions ("**Authorized Uses**"). In addition, the Licensed Materials may be used, subject to proper attribution of the source of the Licensed Materials, for purposes of research, education or other non-commercial use as particularly follows:
- (a) Display. The Authorized Users shall have the right to electronically display the Licensed Materials.
 - (b) Digital Copy. The Authorized Users may download and digitally copy individual articles or items of the Licensed Materials for personal use only.
 - (c) Print Copy. The Participating Institutions and the Authorized Users may print single copies of part of the Licensed Materials for personal use only.
 - (d) Recover Copying Costs. The Participating Institutions may impose a reasonable fee on the Authorized Users to cover costs of copying or printing portions of the Licensed Materials by or for the Authorized Users.
 - (e) Archival/Backup Copy. Intentionally left blank.
 - (f) Caching. The Authorized Users are authorized in the course of an automatic process of an internet browser or any other software to make temporary local digital copies of the Licensed Materials for use by the Authorized Users only in order to ensure proper operation and use of such internet browser or for proper functioning of such software. For the avoidance of doubt, the cached copy is not a derivative work.
 - (g) Classroom Use. The Participating Institutions and the Authorized Users may distribute single copies of individual articles or items of the Licensed Materials in print or electronic form to the Authorized Users. For the avoidance of doubt, classroom handouts shall include the distribution of a copy for teaching purposes to all individual Authorized Users in a class at Authorized Sites (Appendix B).
 - (h) Collections of Information. The Participating Institutions and the Authorized Users shall be permitted to extract or use information contained in the Licensed Materials for educational, scientific, or research purposes, including extraction

and manipulation of information for the purpose of illustration, explanation, example, comment, criticism, teaching, research, or analysis.

- (i) Course Packs (Print and Electronic). The Participating Institutions and Authorized Users may not use the Licensed Materials in the preparation of a packet of the materials used in the classroom or for a specific course ("**Course Packs**") without the written consent of the Distributor and Publisher, which may set out further terms and conditions for such use. Notwithstanding this Section 4.3(h), where the author of an article which forms part of the Licensed Materials was employed by a Participating Institution at the time the article was written, that Participating Institution may use all or part of such article internally within the Participating Institution, provided that copies are not offered for sale or distribution in any systematic way, and that acknowledgement to prior publication in the relevant Journal is made explicit. In this instance that author may also make printed copies of all or part of such article on a no-commercial basis for use by the author for lecture or classroom purposes, provided in each case that copies are not offered for sale or distribution in any systematic way, and that acknowledgement to prior publication in the relevant Journal is made explicit.
- (j) Course Reserves (Print and Electronic). Intentionally omitted.
- (k) Electronic Links. The Participating Institutions and the Authorized Users may provide hyperlinks from the Participating Institutions' and the Authorized Users' web page(s) or website(s) to individual units of content within the Licensed Materials.
- (l) Scholarly Sharing. On an ad hoc basis, the Authorized Users may transmit to an individual a third party, on a one-to-one basis, in hard copy or electronically, minimal, insubstantial amounts or a portion of the Licensed Materials for personal non-commercial use or scholarly, educational, or scientific research or professional non-commercial use in the nature of collaboration, comment, or scholarly exchange of ideas only and in no case for resale or any commercial purposes (as defined under Section 5.4) or in a manner that would substitute for direct access to the Licensed Materials via services offered by the Distributor and/or the Publisher.
- (m) Text and Data Mining. The Authorized Users may use the Licensed Materials to perform and engage in text and/or data mining activities in accordance with applicable laws within secure networks for non-commercial reasons such as for academic research, scholarship, and other educational purposes and may utilize and share the results of text and/or data mining in their scholarly work and make the results available for use by others, so long as the purpose is not to create a product for use by third parties that would substitute for the Licensed Materials. Subject to clause 7.6 below. The terms and conditions applicable to Text and Data Mining of the Licensed Materials are provided in the Text and Data Mining section of the terms of the Online Services as available on Publisher's website at <https://www.tandfonline.com/terms-and-conditions#link2>, as updated from time to time.

For the avoidance of doubt, nothing in such terms shall limit or restrict the regime under Directive (EU) 2019/790 on copyright and related rights in the Digital Single Market, nor the national legislation transposing this Directive, which, pursuant to Article 7 of the Directive, cannot be overridden by any Publisher's or Distributor's Text and Data Mining terms and conditions.

The Distributor and the Publisher will, upon receipt of a written notice of the intended text and data mining on the Licensed Materials within the meaning of Article 3 the Directive (EU) 2019/790 for research purposes cooperate with the Licensee and the Authorized Users as will be reasonably necessary for making the Licensed Materials available in a manner and form most useful to the Authorized User.

- (n) Interlibrary Loan. Using electronic, paper, or intermediated means, the Participating Institutions may at their discretion fulfill occasional requests from other institutions, a practice commonly called Interlibrary Loan ("ILL"). The Distributor agrees and ensures that the Publisher will agree that the electronic form of the Licensed Materials may be used as a source for the ILL whereby articles and/or chapters can be printed and these print copies can be delivered via postal mail, fax, or fax-based service to fulfill ILL requests from an academic, research or other non-commercial library. ILL's are limited to the transmission of minimal, insubstantial amounts of the Licensed Materials, solely for (a) personal use or scholarly, educational, or scientific research or professional use, (b) in no case for re-sale and (c) in all cases subject to Section 5 below. Requests received from for-profit companies will not be fulfilled under this Section 4.3(n). An ILL through secure electronic transmission, as demonstrated by the ARIEL, is permitted. For the avoidance of doubt, such secure electronic transmission could also be fulfilled by any system which satisfies all of the following features: 1) ensures that requesting user (researcher/scholar) is affiliated to eligible institution; 2) enables limiting number of items requested per each journal title over a given period; 3) enables limiting number of requests fulfilled by the delivering library over a given period; 4) before getting access to the delivered pdf file, the requesting scholar (who is fully identifiable) must provably declare his/her full compliance with publisher's intellectual property rights. . Files transmitted in this manner must carry copyright notices and comply with this agreement and the applicable law.
- (o) Bibliographic Citations. The Participating Institutions and the Authorized Users may use, with appropriate credit given, figures, tables, and brief excerpts from the Licensed Materials in the Participating Institutions' and the Authorized Users' own scientific, scholarly, and educational works. For the avoidance of doubt, the Participating Institutions and the Authorized Users may use citation and abstract information in faculty profiling systems, in lists of publications on faculty and institutional web pages, and to create bibliographies, and store a single copy of an individual document being part of the Licensed Materials, including within secure personal bibliographic reference/citation management systems.

4.4 **No Diminution of Rights.** Nothing in this Agreement, including but not limited to the Authorized Uses, shall be interpreted to diminish the rights and privileges of the Licensee, the Participating Institutions or the Authorized Users with respect to any of the Licensed Materials, including exceptions or limitations regarding the exclusive rights of copyright owners. In the event that any content included in the Licensed Materials is in the public domain or has been issued under a Creative Commons or other open license, neither the Distributor nor the Publisher shall place access, use or other restrictions on that content beyond those found in the open license, where applicable.

4.5 **The Rights of the Author to Use Own Work.** Intentionally left blank.

4.6 Intentionally left blank.

4.7 **Definitions.** Intentionally left blank.

4.8 **Scope of Authorized Use and Access to Licensed Materials.**

Unlimited Access. Subject to the terms of this Agreement, the Participating Institutions and the Authorized Users shall have unlimited and simultaneous user access to the Licensed Materials.

5. Specific Restrictions on Use of Licensed Materials

5.1 **Unauthorized Use.** The Licensee, Participating Institutions, and the Authorized Users shall not allow anyone other than the Authorized Users to access the Licensed Materials.

5.2 **Modification of Licensed Materials.** The Licensee, Participating Institutions and the Authorized Users may not modify or manipulate the Licensed Materials without the prior written permission of the Distributor.

5.3 **Removal of Copyright Notice.** The Licensee, Participating Institutions and the Authorized Users shall not remove, obscure or modify any author information or any copyright or other notices included in the Licensed Materials.

5.4 **Commercial Purposes.** The Licensee, Participating Institutions and the Authorized Users can only use the Licensed Materials as set out in this Agreement. For the avoidance of doubt, the Licensee, Participating Institutions and Authorized Users may not use the Licensed Materials for commercial purposes, which for the purpose of this Agreement include but are not limited to any use for monetary reward, the sale, resale, loan, transfer, hire or any other form of exploitation of the Licensed Materials, fee-for-service use of the Licensed Materials; nor may the Licensee and the Participating Institutions impose special charges on the Authorized Users for use of the Licensed Materials beyond reasonable printing or administrative costs. For the avoidance of doubt, research conducted by the Participating Institutions and

Authorized Users that is supported by a commercial entity shall not be considered use for commercial purposes.

- 5.5 **Systematic Use.** The Licensee, Participating Institutions and Authorized Users shall not systematically make print or electronic copies of multiple extracts of the Licensed Materials, including complete issues, for any purpose, or systematically distribute the whole or any part of the Licensed Materials to anyone other than an Authorized User.
- 5.6 **Distribution of Electronic Network.** The Licensee, Participating Institutions and Authorized Users shall not mount or distribute any part of the Licensed Material on any electronic network, including without limitation the Internet and the World Wide Web which is not a secure network of that Licensee or Participating Institution.
- 5.7 If the Licensee, Participating Institution or an Authorized User would like to use the Licensed Materials or any part of them in a way which is not expressly permitted under this Agreement, it shall only do so with the Distributor's prior written permission, unless just use is permitted by applicable law and cannot be contractually excluded.

6. Mutual Performance Obligations

- 6.1 **Notification and Cure of Unauthorized Use.** In the event the Licensee and/or any of the Participating Institutions becomes aware of an unauthorized use of the Licensed Materials and cannot promptly remedy it, the Licensee or the Participating Institution shall immediately notify the Distributor or the Publisher. In the event the Distributor or Publisher becomes aware of unauthorized use of the Licensed Materials, the Distributor shall, or shall ensure that the Publisher will, without undue delay notify the Licensee and the respective Participating Institution in writing.
- 6.2 In the case of unauthorized use the Publisher may temporarily suspend such offending individual Authorized User's access to the Licensed Materials (e.g. by blocking an individual user's IP address), provided that the Distributor shall, or shall ensure that the Publisher immediately notifies the Licensee and the respective Participating Institution of any such suspension, including the reason for the suspension and any supporting details. Such temporary suspensions will be only of the shortest possible duration and the maximally limited extent necessary to terminate the unauthorized use and prevent its resumption. In the event that such suspension lasts longer than the shortest period necessary to prevent such unauthorized use, the Distributor is obliged to reimburse the Licensee the respective pro rata part of the Read and Publish Fee (calculated with respect to the actual number of excessively suspended Authorized Users) for the period of duration of such excessive suspension. Any excessive suspension of access to the Licensed Materials can serve as a Licensee's reason for termination of this Agreement pursuant to Section 11 of this Agreement.

7. Performance Obligations

- 7.1 The Distributor will use reasonable efforts to ensure that its or the Publisher's performance will meet or exceed industry standards and practices. Additionally, the Distributor agrees to the following performance standards set out in this Section 7.
- 7.2 The Distributor shall acquaint the Publisher with the content of this Agreement. The Distributor shall ensure that all Distributor's obligations under this Agreement will be fulfilled and that the Publisher will not prevent such fulfillment. The Distributor may under no circumstances exclude or limit its liability due to any lack of cooperation from the Publisher. The Distributor shall ensure that the Publisher will provide its cooperation in duly and timely manner so all obligations stipulated herein may be orderly fulfilled.
- 7.3 **Availability of the Licensed Materials.** Upon the Effective Date (as specified in Section 9.1 of this Agreement), the Distributor shall ensure that the Licensed Materials become available to the Participating Institutions and the Authorized Users and that the Open Access publishing terms as detailed in Sections 7.29-7.33 and Appendix A of this Agreement shall take effect.

Should the Effective Date of this Agreement occur after 1 January 2026, Distributor shall ensure that the Publisher will make, or has already made, the Licensed Materials available to the Licensee, the Participating Institutions and Authorized Users in the full scope of the license stipulated herein already as of 1 January 2026 due to the necessity of access to the Licensed Material as of 1 January 2026, to the Participating Institutions and Authorized Users in the full scope of the authorization stipulated herein including all and any possible rights and authorizations such as potential archiving rights, extent of the access to the backfile content of Licensed Materials or Open Access publishing under this Agreement. Performance of the Distributor's obligation to ensure that the Licensed Materials become available before this Agreement takes effect shall be considered entirely as a performance according to and in compliance with this Agreement.

- 7.4 **Discovery of the Licensed Materials.** The Distributor shall ensure that the Publisher will use reasonable efforts to make the Licensed Materials available through the Licensee's and/or the Participating Institutions' user interface and search systems for discovering and displaying content from local, database and web-based sources ("**Discovery Service System**") for indexing and discovery purposes. The Distributor shall make reasonable effort to ensure that the Publisher shall use reasonable efforts to provide to the Licensee's and/or the Participating Institutions' discovery service vendors on an ongoing basis the citation and complete descriptive metadata (including all subject headings, abstracts, and keywords) and full-text content necessary to facilitate optimal discovery and accessibility of the content for the benefit of the Participating Institutions and the Authorized Users.
- 7.5 **Persistent Linking.** The Distributor shall make reasonable effort to ensure that the Publisher will make reasonable efforts to comply with the most current version of the

OpenURL standard (ANSI/NISA Z39.88 or any that replaces it during the term of this Agreement) and will provide a mechanism for persistent links to content.

- 7.6 **Online Terms and Conditions.** In the event that the Distributor or the Publisher requires the Authorized Users to agree to additional terms relating to the use of the Licensed Materials (commonly referred to as "**click-through**" or "**clickwrap**" licenses), or otherwise attempts to impose terms on the Authorized Users through online terms and conditions invoked by the mere use or viewing of the Licensed Materials, such additional terms shall only apply to the Authorized Users who agreed to the respective additional terms. Such additional terms shall not materially differ from the provisions of this Agreement and violation of these additional terms by the Authorized Users will not be considered as breach of this Agreement but merely and exclusively as breach of these additional terms. In the event of any conflict between the additional terms and this Agreement, the terms of this Agreement shall prevail. The Distributor alone shall be liable and responsible for any personal data processing that occurs with respect to these additional online terms and conditions as either the Distributor or the Publisher determines the scope and purpose of such personal data processing, and shall be data controllers in this regard under Section 16. For the avoidance of doubt, the Authorized Users are not a party to this Agreement.
- 7.7 **Documentation.** The Distributor will provide or shall ensure that the Publisher will provide, complete and up-to-date help and operational documentation to the Licensee, the Participating Institutions and the Authorized Users in an electronic format. Such documentation may be provided by means of the Distributor's and/or Publisher's online system and/or system for administrators.
- 7.8 **Support.** The Distributor shall ensure that the Distributor or Publisher will provide activation and installation support, including assisting the Licensee, Participating Institutions and Authorized Users with the implementation of any Publisher software. The Distributor will offer reasonable levels of continuing support to assist the Licensee, Participating Institutions and Authorized Users in the use of the Licensed Materials. The Distributor shall make its personnel available by email [REDACTED] and/or phone [REDACTED] during cross section of the Distributor's and the Licensee's and/or the Participating Institutions' regular business hours, Monday through Friday (excluding public holidays in either the Czech Republic or England and Wales), for feedback, problem-solving, or general questions, and they will respond in a timely manner. If there is a change in a contact for support, either the Distributor or the Publisher will notify the Licensee and the Participating Institutions of such change. The change is effective by the delivery of the notice to the Licensee and the Participating Institutions.
- 7.9 **Training.** The Distributor shall ensure that the Distributor or Publisher will, upon agreement and in a reasonable quantity, provide to the Licensee, the Participating Institutions and the Authorized Users appropriate on-site or online training regarding the use of the Licensed Materials and any Publisher software. The Distributor shall also ensure that the Distributor or the Publisher will provide additional training to the Licensee and the Participating Institutions staff if made necessary by any updates or modifications to the Licensed Materials or any of the Publisher's software.

- 7.10 **Updates.** The Distributor shall ensure that the Publisher will provide and implement regular system and project updates to the Licensee and the Participating Institutions as they become available. No additional fee shall be charged for regular updates in the ordinary course of business.
- 7.11 **Quality of Service.** The Distributor shall use reasonable efforts to ensure that the Publisher will use reasonable efforts to ensure that the Publisher's server or servers have sufficient capacity and rate of connectivity to provide the Participating Institutions and their Authorized Users with all the services pursuant to this Agreement at a level exceeding or at least comparable to current standards in the online information provision industry in the Licensee's and the Participating Institutions' locale. The Distributor shall ensure that the Publisher will use reasonable efforts to provide continuous service seven (7) days a week with an average of 98% up-time per month. The 2% down-time can include periodic unavailability due to server maintenance; software installation or testing; loading or making available additional Licensed Materials as they become available. The Distributor shall ensure that the Publisher may schedule brief unavailability periods, but will do so only where (a) it has given at least forty-eight (48) hours' prior notice to the Licensee, and (b) in a way and at times that minimize inconvenience to the Licensee, the Participating Institutions and its Authorized Users, regardless of when notice has been given. Any unavailability periods scheduled in this way shall not count towards the downtime calculation as included in this Section 7.11.
- 7.12 **Problems with Licensed Materials.** If the Licensed Materials fail to operate, display, load, or render in conformance with the terms of this Agreement, the Licensee or the Participating Institution shall immediately notify the Distributor or the Publisher in writing, and the Distributor shall ensure that the Publisher will use reasonable efforts to restore access to the Licensed Materials as soon as possible.
- 7.13 **Transfer or Acquisition of Titles.** If any portion of the Licensed Materials is transferred to or acquired from another party, the Distributor shall ensure that the Publisher shall use reasonable efforts to ensure that the Participating Institutions do not lose access to titles listed in the Appendix D of this Agreement as a result of the transfer or acquisition. Any transfer or acquisition must comply with the conditions of the Procedure without Publication (*Jednací řízení bez uveřejnění*) in accordance with the applicable Czech law. Any archival and perpetual access rights that have been granted shall be honored, whether the Publisher is acting as the transferring or acquiring party. If the Publisher is acquiring works that will become subject to this Agreement, the Distributor shall ensure that the Publisher will use reasonable efforts to acquire the rights in the title to include it in the Licensed Materials as part of this Agreement, including but not limited to perpetual access rights to the Core collection. The Distributor shall ensure that the Publisher will use reasonable efforts to communicate with the party from which it is acquiring works to exchange such

relevant payment and rights information. For journal titles, the Distributor shall ensure that the Publisher will comply with the NISO Transfer Code of Practice.¹

- 7.14 **Completeness of Content**. The Distributor shall use reasonable efforts to ensure that either the Distributor or the Publisher will inform the Licensee and/or Participating Institutions of instances where the online content differs from print versions of the Licensed Materials. Where applicable, the Distributor shall use reasonable efforts to ensure that the Distributor or the Publisher will cooperate with the Licensee and the Participating Institutions to identify and correct content errors or omissions, and when necessary, the Distributor shall ensure that the Publisher will use reasonable efforts to ensure that the online content: (1) is at least as complete as the print and other physical format versions of the Licensed Materials; and (2) represents complete, accurate, and timely replications of the corresponding content contained within the print and other physical format versions of such Licensed Materials.
- 7.15 In order to facilitate the assessment of completeness of content, the Distributor will provide to the Licensee's request a list of the title, issue, chapter, or item level of the content of the Licensed Materials. The Distributor shall, or shall ensure that the Publisher will disclose to the Licensee any content known or found to be missing from the Licensed Materials, including but not limited to images, pages, issues, and chapters.
- 7.16 Intentionally left blank.
- 7.17 **Notification of Modifications of Licensed Materials**. From time to time, the Publisher may add, change, or modify portions of the Licensed Materials, or migrate the Licensed Materials to other formats. When such changes, modifications, or migrations occur, the Distributor shall use reasonable efforts to, or shall ensure that the Publisher will use reasonable efforts to give prior written notice of any such changes to the Licensee and the Participating Institutions as soon as is practicable, but in no event less than thirty (30) days in advance of such event. If any of the changes, modifications, or migrations renders the Licensed Materials as a whole to be materially less useful to the Participating Institutions or their Authorized Users, the Licensee may seek to terminate this Agreement for breach pursuant to Section 11 of this Agreement. For the avoidance of doubt, a material change to one of the titles within the Licensed Materials or a small part of the Licensed Materials (not being over twenty five percent (25%) of the Licensed Materials) shall not give right to termination for breach by either Party under Section 11.2 for any of the reasons set out in this Section 7.
- 7.18 **Withdrawal of Licensed Materials**. The Distributor reserves the right to withdraw from the Licensed Materials any item or part of an item for which it no longer retains the right to publish, or which it has reasonable grounds to believe infringes copyright or is defamatory, obscene, unlawful, or otherwise objectionable. The Distributor shall

ensure that the Distributor or the Publisher will give prior written notice of the withdrawal to the Licensee and the Participating Institutions, where it is possible to give notice, as soon as is practicable, but in no event less than thirty (30) days in advance of such withdrawal, specifying the item or items to be withdrawn. Where it is not possible for the Distributor or Publisher to give prior written notice of a withdrawal under this Section 7.18, the Distributor shall, or shall ensure that the Publisher shall provide notice of the withdrawal to the Licensee and the Participating Institutions as soon as practicable after the withdrawal.

- 7.19 If any such withdrawal under this Section 7.18 renders the Licensed Materials materially less useful to the Participating Institutions or the Authorized Users, the Distributor shall reimburse the Licensee for the withdrawal in an amount proportional to the Read and Publish Fee for that part of the Licensed Material. If any such withdrawal renders the Licensed Materials as a whole substantially less useful to the Participating Institutions or their Authorized Users, the Licensee may seek to terminate this Agreement for breach pursuant to Section 11 of this Agreement.
- 7.20 **Itemized Holdings/Title List.** Prior to the beginning of every calendar year, the Distributor shall, or shall ensure that the Publisher will provide the Licensee with the current itemized holdings report that will specify the titles included in the Licensed Materials for the next Subscription Period (as defined in Section 9.3 of this Agreement). The Distributor shall, or shall ensure that the Publisher will use reasonable efforts to update itemized holdings reports as soon as is practicable when the holdings information changes, and will provide this information to the Licensee on request. This information may also be provided on the Publisher's website, initially being [<https://www.tandfonline.com/openaccess/members/czechelib>] or any other website as notified to the Licensee by the Distributor from time to time. Open Access terms (for any Open Access publishing under Sections 7.29 – 7.33 of the Agreement)

Definitions:

Article Publishing Charge (APC): means the charge levied by the Distributor on the acceptance of an article for publication in an Open Select Journal that is not covered by the Prepaid Publishing Cap up to the amount of Maximum Publish Cap, the rates can be found at <https://www.taylorfrancis.com/authorcharges/>

Eligible Author: means a corresponding author that is affiliated to a Participating Institution (as set out in Appendix B), including:

- a student enrolled at or accredited to a Participating Institution;
- a member of the teaching and research staff employed by or otherwise accredited to a Participating Institution;
- any other member of staff employed by or otherwise engaged by a Participating Institution;
- if the Participating Institution is a society, a current member of the Participating Institution.

Qualifying Article: means an original article submitted and accepted for publication in an Open Select Journal, in this case not a subject to payment of the Article Publishing Charge but included in this agreement up to the Prepaid Publication Cap or the Maximum Publication Cap, if applicable, amount

Open Access Workflow: means the procedure by which an article by an Eligible Author may be submitted, peer reviewed and accepted for publication in an Open Select Journal, as set out in Appendix E. This procedure may be subject to change and the Distributor reserves the right to modify any part of the procedure either in general or in respect of a specific journal, for whatever reason and at any time.

Open Select Journal: means a Taylor & Francis and Routledge open access option within a hybrid subscription-based journal (Taylor & Francis / Routledge Open Select) as published by the Publisher from time to time and as set out in Appendix G, including but not limited to Premium APC and Super Premium APC journals.

Prepaid Publication Cap:

Means the total number of Tokens convertible to Qualifying Articles for which the Distributor shall allow the Licensee to publish on an Open Access basis as part of the Read & Publish Fee, without charging a separate Articles Publishing Charge. The Prepaid Publication Cap shall be represented by number of maximum Tokens for each Subscription Period of this Agreement as listed in the table in Appendix B.

Maximum Publication Cap:

Means the maximum number of Qualifying Articles above the Prepaid Publication Cap that the Participating Institutions can demand to be published in the respective Subscription Period; the amounts of Maximum Publication Cap per respective years are listed in the table in Appendix B

Token:

Means a mean for converting the Qualifying Articles and establishing their number for the purposes of the Prepaid Publication Cap and the Maximum Publication Cap, that the Participating Institutions can collectively demand to be published up to the Maximum Publication Cap.

Order:

Means written order sent by the Licensee to the Distributor in which the Licensee orders publishing of Qualifying Article with specification of the amount of Tokens to be ordered for the respective Subscription Period above the Prepaid Publication Cap. The total of Prepaid Publication Caps together with all Orders in the whole duration of this Agreement cannot exceed the Total Maximum Publication Cap specified for each Subscription Periods in the table in Appendix B. Licensee is entitled to place an Order for the next calendar year (Subscription Period) at least [one (1)] month before the end of the current Subscription Period, unless the Total Maximum Publication Cap has been already fulfilled. If there is no Order from the Licensee or if an Order does not specify a certain Participating Institution within the time limit set forth in the previous sentence of this paragraph, it is considered that the Licensee or the respective Participating Institution does not wish to order any Tokens above the Prepaid Publication Cap for the next Subscription period; for avoidance of doubt the Parties explicitly state that the Licensee or the Participating Institution do not have to use any or all the Maximum Publication Cap.

Additional business terms:

The Publisher will not charge Eligible Authors, or the Participating Institution, any service fees (e.g. colour-in-print, reprints, posters) for any Qualifying Articles that fall below the total of Prepaid Publication Cap and Order for the respective Subscription Period. In case of Article Publishing Charges, it can happen that an Eligible Author may be sent the corresponding invoice, only in the case outlined in Appendix E.

In the event the Prepaid Publication Cap is not used in full in any calendar year of the Term, a maximum of 10% of the Prepaid Publication Cap can be used to retrospectively convert articles accepted to Qualifying Journals in previous years to open access. The amount of such Prepaid Publications will be clearly communicated by the Publisher at the beginning of each of the Subscription period to the Licensee and the conversion will be finalized within 6 weeks after the start of the Subscription Period. Any remaining unused portion of the Prepaid Publication Cap for that calendar year will lapse and will not be rolled over into any subsequent calendar year. Further, the Publisher shall have no liability or other obligations to the Licensee or Institutions in relation to the unused Prepaid Publication Cap, including but not limited to making a refund of a proportionate part of the Fee or increasing the Prepaid Publication Cap amount in a subsequent calendar year.

The APC for any Qualifying Articles that are over the Prepaid Publication Cap will have a 10% discount applied to the prevailing price of a Token. Nothing in this Agreement shall oblige either the Licensee or the Participating Institution to publish any articles on an Open Access basis in accordance with Appendix E, and in the event that it is not published in an Open Select Journal, such publishing shall not be covered under this Appendix A. In the event that the Licensee or the Participating Institution indicates that they do not want an article by an Eligible Author to be deemed a Qualifying Article whose APC is to be paid for by the Publishing Fees, the Distributor will ensure that the Publisher invoices the author directly for the APC in the usual way and that article shall not be counted towards the Publication Cap.

In case any of an Open Select Journal flipping to a different Open Access journal type e during the Agreement Term (for which the APC rate is higher than the standard APC rate), that Journal will remain eligible for the coverage by Publishing Fee(s) under this Appendix A for the Agreement Term.

The Distributor will report annually to the Licensee on how many Publisher's journals under this Agreement have flipped during the year from Open Access Select to full Open Access.

In the event that a Qualifying Article from an Eligible Author is not identified by the Publisher on acceptance and is thereafter discovered to have been published Open Access the Publisher will contact the Eligible Authors and their Participating Institution and offer to manually include the Qualifying Article in the Research Dashboard but only in the case such article could be covered by the Read and Publish Fee of this Agreement and such coverage is approved both by the Licensee and Participating Institution. When applicable and if a separate Article publishing Charge was paid, the Distributor can consider to issue a refund.

The Licensee and Participating Institutions are under no obligation to publish additional Open Access articles above the equivalent amount of the Publishing Fee.

The Distributor shall, or shall procure that the Publisher shall work with appointed representatives of the Licensee to discuss, agree and make any agreed improvements to the workflow and the functionality of the Research Dashboard. For the purpose of this Agreement, the Research Dashboard means the online administration tool for managing the Open Access Workflow.
