The Distributor is acting on behalf of **IOP PUBLISHING LIMITED**, No.2, The Distillery, Glassfields, Avon Street, BS2 0GR, Bristol, United Kingdom ("**Publisher**").

The Licensee acts as a central purchasing body within the meaning of Act No. 134/2016 Coll., on Public Procurement, as amended, for concluding license agreements on behalf of Participating Institutions as listed in Appendix B ("**Participating Institutions**") as part of the project CzechELib. In the event the Licensee is listed in Appendix B, all and any provisions related to Participating Institutions shall be without any limitation applicable also to the Licensee.

The Licensee shall be entitled to grant the necessary authorization or sublicense to Participating Institutions.

In consideration of the mutual promises contained herein and other good and valuable considerations, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. Representation, Subject of the Agreement, Content of Licensed Materials; Grant of License

- 1.1 **Representation.** The Distributor hereby represents and warrants that it has all the authority, competence and license to grant a license to the Licensed Materials to the Licensee as defined in this Agreement. Where the performance of the Distributor's obligation depends on the activity and/or cooperation of the Publisher, the Distributor shall ensure and is liable for any violation of the rights and/or obligations stipulated herein as a result of the activity or inactivity of the Publisher and this can serve as a reason for termination of this Agreement pursuant to Section 11.
- 1.2 **Subject of the Agreement.** The subject of this Agreement is to define the conditions of cooperation and the rights and duties of the Parties while providing the Licensed Materials to the Licensee and the Participating Institutions as defined in this Agreement.
- 1.3 **Licensed Materials.** The materials that are the subject of this Agreement are set forth in Appendix A ("**Licensed Materials**").
- 1.4 **Grant of License.** The Distributor hereby grants to the Licensee a non-exclusive, non-transferable (except the following sublicenses to Participating Institutions), system-wide right to use the Licensed Materials pursuant to this Agreement, limited to the territory of the Czech Republic. The Licensee is entitled to grant the sublicenses or any other corresponding authorization to the Participating Institutions in order to provide the Licensed Materials to the Authorized Users (as defined in Section 4.1 of this Agreement) of the Participating Institutions in accordance with the terms of this Agreement.
- 1.5 **Ownership of Intellectual Property.** Nothing in this Agreement shall be construed, interpreted or understood to transfer of ownership of any copyright, trademarks, service marks or any other intellectual property from the Distributor or its suppliers to the Licensee or the Authorized Users.

2. Delivery & Access

- 2.1 The Distributor will provide the Licensed Materials to the Licensee and to the Participating Institutions in the following manner:

Network Access. The Licensed Materials will be stored at one or more of the Publisher's locations in digital form accessible by telecommunication links between such locations and authorized locations of the Licensee and the Participating Institutions.

3. Fees

- 3.1 **Fees and Payment.** The Licensee shall pay the Distributor a fee for the license concerning the Licensed Materials and Open Access publishing (where applicable) pursuant to the terms set forth in Appendix A based on an invoice issued by the Distributor ("**Fee**"). All Fees are due and payable by the Licensee by 30 May of the respective calendar year, unless otherwise stipulated in Appendix A.
- 3.2 **Incomplete Payment.** The Licensee may cover the invoice partially if a Participating Institution did not provide its financial contribution in time. In the event of such incomplete payment, the Licensee will notify the Distributor in writing of the intended difference no less than ten (10) days prior to the due date. In such case the Licensee is not in delay with the payment and the Distributor or the Publisher may suspend the IP addresses of such Participating Institution until the Fee is completely paid.
- 3.3 **Change of number of Participating Institutions listed in Appendix B.** In case any Participating Institution shall lose its status as a Participating Institution or in case any Potential Participating Institution and/or new scientific (or similar) institution shall reveal its intent to become a Participating Institution, the Distributor shall enter into negotiations with the Licensee to amend this Agreement and to correspondingly renegotiate the Fee.

4. Authorized Use of Licensed Materials

- 4.1 **Authorized Users.** "**Authorized Users**" are:

(a) Persons affiliated with the Participating Institutions. Full and part-time employees (faculty, staff, independent contractors while carrying out work for the Participating Institutions) and students of the Participating Institutions, and registered users in case of public or research libraries, on-site or remotely using secure authentication system implemented by the Licensee or the Participating Institutions. For authorized sites of the Participating Institutions, see Appendix B. Authorized Users include persons affiliated with remote sites of campuses of the Licensee and the Participating Institutions in the Czech Republic and/or on a temporary basis, persons affiliated with the Licensee and the Participating Institutions who are studying in third party sites and/or campuses in a different

country. Should the Licensee be listed in the Appendix B as the Participating Institution, all provisions concerning the Participating Institution and the Authorized Users shall apply also with respect to the Licensee.

- (b) Walk-ins. Persons not affiliated with the Participating Institutions who are physically present at the Participating Institutions' site(s) ("**Walk-ins**").

4.2 **Access by and Authentication of Authorized Users.** Authorized Users of the Participating Institutions shall be granted access to the Licensed Materials pursuant to the following:

- (a) IP Addresses. Authorized Users shall be identified and authenticated by the use of Internet Protocol ("**IP**") addresses provided by the Licensee to the Distributor. The use of proxy servers by the Licensee or the Participating Institutions is authorized as long as any proxy server IP addresses provided limit remote or off-campus access to the Authorized Users. Authorized IP Addresses are listed in Appendix C. An updated list will be sent to the Distributor by the Licensee on an annual or as-needed basis without the need to amend this Agreement. Alternatively, if the Publisher is utilizing its own and/or third-party system for IP range change notification, then an updated list may be sent via such system instead. The Publisher shall use reasonable efforts to cooperate with the Participating Institutions in the implementation of new authentication protocols and procedures (such as Shibboleth) as they are developed during the term of this Agreement. Both the Licensee and the Distributor will, if necessary, provide cooperation to coordinate or facilitate this process but they will not be liable for correct implementation of such authentication protocols and procedures (which remain the full responsibility of the Publisher and the respective Participating Institution).
- (b) Distributor or Publisher - Administered Authentication. Where the Distributor or the Publisher provides alternative methods of access and authentication beyond the Licensee-administered methods described herein, e.g. by allowing users to establish a personal login from an on-campus IP address (thereby enabling access via username and password when logging in to a website of the Distributor) or device authentication, which affiliates the device or application by use of a token, cookie, or vendor-managed proxy prefix, neither the Licensee nor any Participating Institution will be responsible or liable for claims of breach or validity of such use. Neither the Licensee nor any of the Participating Institutions shall be responsible or liable for the processing of personally identifiable information (personal data) by the Distributor or Publisher in this matter as this remains its full liability.
- (c) Personally Identifiable Information (Personal Data) of Authorized Users. The Licensee, the Distributor and the Publisher together and individually acknowledge and agree that the Licensee neither transfers nor provides any personally identifiable information (personal data) of the Authorized Users to the Distributor. Access to the Licensed Materials is primarily granted via IP Addresses pursuant to Section 4.2(a) of this Agreement which prevent any identification of the

Authorized User. In case of the Distributor or the Publisher - Administered Authentication pursuant to Section 4.2(b) of this Agreement, the Distributor and the Publisher are required to ensure lawful processing of any personally identifiable information (personal data). This does not preclude the Licensee to hand over the contact details of the Participating Institutions' contact persons or other personal data where the Licensee has a valid legal basis therefor.

4.3 **Authorized Uses.** The Participating Institutions and the Authorized Users may make all use of the Licensed Materials as is consistent with the applicable law and with this Agreement, including but not limited to the following licensing conditions ("**Authorized Uses**"). In addition, the Licensed Materials may be used for purposes of research, education or other non-commercial use as particularly follows:

- (a) **Display.** The Participating Institutions and the Authorized Users shall have the right to electronically display the Licensed Materials for access by the Authorized Users only.
- (b) **Digital Copy.** The Participating Institutions and Authorized Users may download and digitally copy a reasonable portion of the Licensed Materials for their own use only.
- (c) **Print Copy.** The Participating Institutions and the Authorized Users may print a reasonable portion of the Licensed Materials for their own use only.
- (d) **Recover Copying Costs.** The Participating Institutions may impose a reasonable fee on the Authorized Users as directly necessary to cover costs of copying or printing portions of the Licensed Materials by or for the Authorized Users.
- (e) **Archival/Backup Copy.** The Distributor shall provide to the Licensee upon request, or the Licensee may create, one (1) copy of the entire set of the Licensed Materials to be maintained as a backup copy. In the event that this Agreement is terminated, or the Publisher no longer offers the Licensed Materials online, the Licensee and Participating Institutions may use the backup copy to exercise their rights under Section 12 of this Agreement only.
- (f) **Caching.** The Participating Institutions and the Authorized Users are authorized in the course of an automatic process of an internet browser or any other software to make temporary local digital copies of the Licensed Materials in order to ensure proper operation and use of such internet browser or for proper functioning of such software. For the avoidance of doubt, the cached copy is not a derivative work.
- (g) **Classroom Use.** The Participating Institutions and the Authorized Users may distribute single copies of individual articles or items of the Licensed Materials in print or electronic form to the Authorized Users. For the avoidance of doubt, classroom handouts shall include the distribution of a copy for teaching purposes to all individual Authorized Users in a class at Authorized Sites (Appendix B).

- (h) Collections of Information. The Participating Institutions and the Authorized Users shall be permitted to extract or use information contained in the Licensed Materials for educational, scientific, or non-commercial research purposes, including extraction and manipulation of information for the purpose of illustration, explanation, example, comment, criticism, teaching, research, or analysis.
- (i) Course Packs (Print and Electronic). The Participating Institutions and the Authorized Users may use a reasonable portion of the Licensed Materials in the preparation of a packet of the materials used in the classroom ("**Course Packs**") or other educational materials so long as they are deleted or removed at the end of the semester or term in which the relevant course ends.
- (j) Course Reserves (Print and Electronic). The Participating Institutions and the Authorized Users may use a reasonable portion of the Licensed Materials in connection with specific courses of instruction offered by the Participating Institutions so long as they are deleted or removed at the end of the semester or term in which the relevant course ends.
- (k) Electronic Links. The Participating Institutions and the Authorized Users may provide hyperlinks from the Participating Institutions' and the Authorized Users' web page(s) or website(s) to individual units of content within the Licensed Materials so long as only the Authorized Users can access the content and the links are to the Licensed Materials on the Publisher's website.
- (l) Scholarly Sharing. On an ad hoc basis, the Authorized Users may transmit to a third party, in hard copy or electronically, minimal, insubstantial amounts or a portion of the Licensed Materials for personal use or scholarly, educational, or scientific research or professional use in the nature of collaboration, comment, or scholarly exchange of ideas but in no case for resale or commercial purposes or in a manner that would substitute for direct access to the Licensed Materials via services offered by the Distributor and/or the Publisher.
- (m) Text and Data Mining. For the avoidance of doubt, the Distributor as well as the Publisher acknowledge and agree that the rights and authorizations under this Section may not be excluded or limited pursuant to Article 7(1) of Directive (EU) 2019/790 of the European Parliament and of the Council of 17 April 2019 on copyright and related rights in the Digital Single Market and amending Directives 96/9/EC and 2001/29/EC, and that such rights and authorizations are in addition to, and not in lieu of, the rights and authorizations provided to the Authorized Users under statutory provisions governing the scope of such authorizations (i.e. text and data mining).

The Parties therefore hereby stipulate that the Authorized Users may use the Licensed Materials to perform and engage in text and/or data mining activities for academic research, scholarship, and other educational purposes and may utilize and share the results of text and/or data mining in their scholarly work and make the results available for use by others, so long as the purpose is not to create a product for use by third parties that would substitute for the Licensed Materials.

To facilitate these activities, the Distributor and the Publisher will, upon receipt of a written request, cooperate with the Licensee and the Authorized Users as will be reasonably necessary for making the Licensed Materials available in a manner and form most useful to the Authorized User. The Distributor shall ensure that the Publisher will provide the Licensee, upon request, with copies of the Licensed Materials for text and data mining purposes without any extra fees.

"Text and Data Mining" means to download, extract and index information from the Licensed Materials for non-commercial purposes only. Where required, mount, load and integrate the results on a server used for the Licensee or Participating Institutions' text-mining system and evaluate and interpret the TDM Output. The Licensee and Participating Institutions shall use all reasonable efforts to ensure compliance with these Text and Data Mining requirements, including security and technical access requirements as specified herein; and

"Text and Data Mining Output ("TDM Output")" means the result of any Text and Data Mining activity or operation, capable of fixation, reproduction and/or communication in any form, such as in the creation of an index, reference, abstract, relative or absolute description or representation of the Licensed Materials, an algorithm, formula, metrics, method, standard or taxonomy describing or based on the Journals, a relational expression or measurement, whether scalable or not, of the Journals, extraction, alternative representation or translation, expression or discussion of any extracts from mined Licensed Materials, whether in the form of a direct extraction or a representation in any form which is based on the Licensed Materials.

The Licensee and Participating Institutions may load and technically format the Licensed Materials on their or a third party server that enables access to and use of the Licensed Materials for Text and Data Mining purposes by Authorized Users by using automated programs or devices to continuously and automatically (i) download, extract and index information from the Licensed Materials for the purpose of enhanced navigation of the Licensed Materials and (ii) extract semantic entities from the Licensed Materials for the purpose of recognition and classification of the relations between them and (iii) derive patterns within the Licensed Materials and (iv) evaluate and interpret the TDM Output. The Publisher excludes any warranty regarding the quality of the metadata, formatting and errors or omissions. The Licensed Materials are made available "as is" and without warranty of fitting the description of the Licensed Materials in the metadata or otherwise, any fitness for purpose, satisfactory quality, reliability and completeness.

Except as expressly stated in this Agreement, or otherwise permitted in writing by the Publisher, the Licensee, Participating Institutions and Authorized Users shall not in respect of Text and Data Mining:

- perform systematic or substantive extracting of the Licensed Materials for the purposes of creating a product or service for use by third parties;
- utilise the TDM Output to enhance institutional or subject repositories in a way that could compete with the value of the final peer reviewed articles in the Licensed Materials, or substitute and/or replicate any other existing product, service and/or solution;
- extract, develop or use the Licensed Materials in any commercial activity other than for Text and Data Mining;
- abridge, modify, translate or create any derivative work based on the Licensed Materials, except to the extent necessary to make it perceptible on a computer screen to Authorized Users;
- use any robots, spiders, crawlers or other automated downloading programs, algorithms or devices to continuously and automatically search, scrape, extract, deep link, index or disrupt the working of the Licensed Materials; and/or
- substantially reproduce, retain or redistribute the Licensed Materials.

Authorized Users are free to use the TDM Output and any database rights created as a result of Text and Data Mining activities are the sole property of Authorized Users. Such TDM Output shall be licensed under a Creative Commons CC-BY NC ND licence, include a link to the DOI of the applicable article wherever practicable and include a maximum of 200 characters from the original article.

Any rights of the Licensee and Participating Institutions to carry out Text and Data Mining of the Licensed Materials shall only apply whilst this Agreement is in force and, upon termination of this Agreement for any reason, those rights shall cease automatically save in so far as they relate to any issues of the Licensed Materials in which the Licensee or Participating Institutions have continued access rights under this Agreement. Accordingly, upon termination, the Licensee and Participating Institutions shall delete from their and all third party servers all other issues of the Licensed Materials that they have stored for Text and Data Mining, unless necessary for purposes of reproducibility

- (n) Interlibrary Loan. Using electronic, paper, or intermediated means, the Participating Institutions may at their discretion fulfill occasional requests from other institutions, a practice commonly called Interlibrary Loan ("ILL"). The Distributor agrees and ensures that the Publisher will agree that a single copy in electronic form of the Licensed Materials may be used as a source for the ILL whereby single copies of articles and/or chapters can be printed and these print copies can be delivered via postal mail, fax, or fax-based service to fulfill ILL requests from an academic, research or other non-commercial library within the Czech Republic only. Requests received from for-profit companies will not be honored. An ILL through secure electronic transmission, as demonstrated by the ARIEL, is permitted. For the avoidance of doubt, such secure electronic transmission could also be fulfilled by any system which satisfies all of the following features: 1) ensures that requesting user (researcher/scholar) is

affiliated to eligible institution; 2) enables limiting number of items requested per each journal title over a given period; 3) enables limiting number of requests fulfilled by the delivering library over a given period; 4) before getting access to the delivered pdf file, the requesting scholar (who is fully identifiable) must provably declare his/her full compliance with publisher's intellectual property rights; and (5) whereby that electronic file is delivered exclusively to the requesting scholar and should not be transmitted further. Such supply shall be for the sole purpose of research or private study and not for commercial use or onward transmission or distribution. Limitations imposed in points 1), 2), 3), 4) and 5), of this paragraph could be mutually agreed between the Distributor, the Publisher and the Licensee. Files transmitted in this manner must carry copyright notices and comply with the applicable law.

- (o) **Bibliographic Citations.** The Participating Institutions and the Authorized Users may use, with appropriate credit given, figures, tables, and brief excerpts from the Licensed Materials in the Authorized Users' own scientific, scholarly, and educational works. For the avoidance of doubt, the Participating Institutions and the Authorized Users may use citation and abstract information in faculty profiling systems, in lists of publications on faculty and institutional web pages, and to create bibliographies, and store a single copy of an individual document being part of the Licensed Materials, including within secure personal bibliographic reference/citation management systems which are accessible only by the Authorized Users.

4.4 **No Diminution of Rights.** Nothing in this Agreement, including but not limited to the Authorized Uses, shall be interpreted to diminish the rights and privileges of the Licensee, the Participating Institutions or the Authorized Users with respect to any of the Licensed Materials, including exceptions or limitations regarding the exclusive rights of copyright owners. In the event that any content included in the Licensed Materials is in the public domain with the consent of the Publisher or has been issued by the Publisher under a Creative Commons or other open license, neither the Distributor nor the Publisher shall place access, use or other restrictions on that content beyond those found in the open license, where applicable.

4.5 **The Rights of the Author to Use Own Work.** Intentionally omitted.

4.6 Intentionally omitted.

4.7 **Definitions.** Intentionally omitted.

4.8 **Scope of Authorized Use and Access to Licensed Materials.**

Unlimited Access. Subject to the terms of this Agreement, the Participating Institutions and the Authorized Users shall have unlimited and simultaneous user access to the Licensed Materials.

5. Specific Restrictions on Use of Licensed Materials

- 5.1 **Unauthorized Use.** The Participating Institutions, or the Authorized Users shall not knowingly or negligently permit anyone other than the Authorized Users to access the Licensed Materials.
- 5.2 **Modification of Licensed Materials.** The Participating Institutions or the Authorized Users shall not modify or manipulate the Licensed Materials without the prior written permission of the Publisher.
- 5.3 **Removal of Copyright Notice.** The Participating Institutions or the Authorized Users shall not remove, obscure or modify any copyright or other notices included in the Licensed Materials.
- 5.4 **Commercial Purposes.** The Participating Institutions or the Authorized Users may not use the Licensed Materials for commercial purposes, including but not limited to the sale of the Licensed Materials, fee-for-service use of the Licensed Materials; nor may the Licensee and the Participating Institutions impose special charges on the Authorized Users for use of the Licensed Materials beyond reasonable printing or administrative costs. For the avoidance of doubt, research conducted by the Participating Institutions and Authorized Users that is supported by a commercial entity shall not be considered use for commercial purposes.

6. Mutual Performance Obligations

- 6.1 **Notification and Cure of Unauthorized Use.** In the event the Licensee and/or any of the Participating Institutions becomes aware of an unauthorized use of the Licensed Materials and cannot promptly remedy it, the Licensee or the Participating Institution shall notify the Distributor and the Publisher as soon as is reasonably practicable in writing. In the event the Distributor or the Publisher becomes aware of unauthorized use of the Licensed Materials, the Distributor shall, or shall ensure that the Publisher will, as soon as reasonably practicable notify the Licensee and the respective Participating Institution in writing.
- 6.2 In the case of unauthorized use which is causing, or is without unreasonable doubt likely to cause, serious and immediate material harm to the Publisher, the Publisher may temporarily suspend such offending individual Authorized User's access to the Licensed Materials (e.g. by blocking an individual user's IP address), provided that the Distributor notifies, or shall ensure that the Publisher notifies the Licensee and the respective Participating Institution of any such suspension, including the reason for the suspension and any supporting details. Such temporary suspensions will be only of the shortest possible duration and the maximally limited extent necessary to terminate the unauthorized use and prevent its resumption. In the event that such suspension lasts longer than the shortest period necessary to prevent such unauthorized use, the Distributor is obliged to reimburse the Licensee the respective

pro rata part of the Fee (calculated with respect to the actual number of excessively suspended Authorized Users) for the period of duration of such excessive suspension. Any excessive suspension of access to the Licensed Materials can serve as a Licensee's reason for termination of this Agreement pursuant to Section 11 of this Agreement.

7. Performance Obligations

- 7.1 The Distributor will use reasonable efforts to ensure that its or the Publisher's performance will meet or exceed industry standards and practices. Additionally, the Distributor agrees to the following performance standards set out in this Section 7.
- 7.2 The Distributor shall acquaint the Publisher with the content of this Agreement. The Distributor shall ensure that all the Distributor's obligations under this Agreement will be fulfilled. The Distributor may under no circumstances exclude or limit its liability due to any lack of cooperation from the Publisher unless such cooperation or limitation of liability arises from any statutory provisions or from any events beyond the Distributor's or the Publisher's reasonable control. The Distributor shall ensure that the Publisher will provide its cooperation in duly and timely manner so all obligations stipulated herein may be orderly fulfilled.
- 7.3 **Availability of the Licensed Materials.** Upon the Effective Date (as specified in Section 9.1 of this Agreement), the Distributor shall ensure that the Licensed Materials become available to the Participating Institutions and the Authorized Users.

Should the Effective Date of this Agreement occur after 1 January 2026, the Distributor shall ensure that the Publisher will make, or has already made, the Licensed Materials available to the Licensee, the Participating Institutions and the Authorized Users in the full scope of the license stipulated herein already as of 1 January 2026 due to the necessity of access to the Licensed Material as of 1 January 2026, to the Participating Institutions and the Authorized Users in the full scope of the authorization stipulated herein including all and any possible rights and authorizations such as potential archiving rights, extent of the access to the backfile content of the Licensed Materials or Open Access publishing under this Agreement. Performance of the Distributor's obligation to ensure that the Licensed Materials become available before this Agreement takes effect shall be considered entirely as a performance according to and in compliance with this Agreement.

- 7.4 **Discovery of the Licensed Materials.** The Distributor shall ensure that the Publisher will make reasonable efforts to make the Licensed Materials available through the Licensee's and/or the Participating Institutions' user interface and search systems for discovering and displaying content from local, database and web-based sources ("**Discovery Service System**") for indexing and discovery purposes. The Distributor shall make reasonable effort to ensure that the Publisher makes reasonable effort to provide to the Licensee's and/or the Participating Institutions' discovery service vendors on an ongoing basis the citation and complete descriptive metadata (including all subject headings, abstracts, and keywords) and full-text

content necessary to facilitate optimal discovery and accessibility of the content for the benefit of the Participating Institutions and the Authorized Users.

- 7.5 **Persistent Linking.** The Distributor shall make reasonable effort to ensure that the Publisher will make reasonable efforts to comply with the most current version of the OpenURL standard (ANSI/NISA Z39.88 or any that replaces it during the term of this Agreement) and will provide a mechanism for persistent links to content.
- 7.6 **Online Terms and Conditions.** In the event that the Distributor or the Publisher requires the Authorized Users to agree to additional terms relating to the use of the Licensed Materials (commonly referred to as "**click-through**" or "**clickwrap**" licenses), or otherwise attempts to impose terms on the Authorized Users through online terms and conditions invoked by the mere use or viewing of the Licensed Materials, such additional terms shall only apply to the Authorized Users who agreed to the respective additional terms. Such additional terms shall not materially differ from the provisions of this Agreement and violation of these additional terms by the Authorized Users will not be considered as breach of this Agreement but merely and exclusively as breach of these additional terms. In the event of any conflict between the additional terms and this Agreement, the terms of this Agreement shall prevail. The Distributor or the Publisher alone shall be liable and responsible for any personal data processing that occurs with respect to these additional online terms and conditions as either the Distributor or the Publisher determines the scope and purpose of such personal data processing. For the avoidance of doubt, the Authorized Users are not a party to this Agreement.
- 7.7 **Documentation.** If available, the Distributor will provide or shall ensure that the Publisher will provide, complete and up-to-date help and operational documentation to the Licensee, the Participating Institutions and the Authorized Users in an electronic format. Such documentation may be provided by means of the Distributor's and/or the Publisher's online system and/or system for administrators.
- 7.8 **Support.** The Distributor shall ensure that the Distributor or the Publisher will provide activation and installation support, including assisting the Licensee, the Participating Institutions and the Authorized Users with the implementation of any Publisher software. The Distributor will offer reasonable levels of continuing support to assist the Licensee, the Participating Institutions and the Authorized Users in the use of the Licensed Materials. The Distributor shall ensure that the Distributor or the Publisher will make its personnel available by email [REDACTED] and/or phone [REDACTED] during cross section of the Publisher's and the Licensee's and/or the Participating Institutions' regular business hours, Monday through Friday, for feedback, problem-solving, or general questions, and they will respond in a timely manner. If there is a change in a contact for support, either the Distributor or the Publisher will notify the Licensee and the Participating Institutions of such change. The change is effective by the delivery of the notice to the Licensee and the Participating Institutions.
- 7.9 **Training.** The Distributor shall ensure that the Distributor or the Publisher will, upon written agreement and in a reasonable quantity, provide to the Licensee, the

Participating Institutions and the Authorized Users appropriate on-site or online training regarding the use of the Licensed Materials and any Publisher software. The Distributor shall also ensure that the Distributor or the Publisher will provide additional training to the Licensee and the Participating Institutions' staff if made necessary by any updates or modifications to the Licensed Materials or any of the Publisher's software.

- 7.10 **Updates.** The Distributor shall ensure that the Publisher will provide and implement regular system and project updates to the Licensee and the Participating Institutions as they become available. No additional fee shall be charged for updates.
- 7.11 **Quality of Service.** The Distributor shall use reasonable efforts to ensure that the Publisher will use reasonable efforts to ensure that the Publisher's server or servers have sufficient capacity and rate of connectivity to provide the Participating Institutions and their Authorized Users with all the services pursuant to this Agreement at a level exceeding or at least comparable to current standards in the online information provision industry in the Licensee's and the Participating Institutions' locale. The Distributor shall ensure that the Publisher will use reasonable efforts to provide continuous service seven (7) days a week with an average of 98% up-time per month. The 2% down-time can include periodic unavailability due to server maintenance; software installation or testing; loading or making available additional Licensed Materials as they become available; and unavailability because of service or equipment failure outside the reasonable control of the Distributor and/or the Publisher (including problems with public or private telecommunication services, or Internet nodes or facilities). The Distributor shall ensure that the Publisher may schedule brief unavailability periods, but will use its reasonable endeavours to do so only where (a) it has given at least forty-eight (48) hours' prior notice to the Licensee, and (b) in a way and at times that minimize inconvenience to the Licensee, the Participating Institutions and its Authorized Users, regardless of when notice has been given.
- 7.12 **Problems with the Licensed Materials.** If the Licensed Materials fail to operate, display, load, or render in conformance with the terms of this Agreement, the Licensee or the Participating Institution shall immediately notify the Distributor or the Publisher in writing, and the Distributor shall ensure that the Publisher will promptly use reasonable efforts to restore access to the Licensed Materials as soon as reasonably practicable. In the event that the non-conformity materially affects the Participating Institutions' or the Authorized Users' use of the Licensed Materials, and the Publisher fails to remedy the non-conformity in all material respects within five (5) business days, the Distributor shall reimburse the Licensee for such problems in an amount that is proportional to the Fee.
- 7.13 **Transfer or Acquisition of Titles.** If any portion of the Licensed Materials is transferred to or acquired from another party, the Distributor shall ensure that the Publisher will use reasonable efforts so the Participating Institutions will not lose access to the Licensed Materials or any rights under this Agreement as a result of the transfer or acquisition. Any archival and perpetual access rights that have been granted shall be retained, whether the Publisher is acting as the transferring or

acquiring party. If the Publisher is transferring any portion of the Licensed Materials to another party, the Distributor shall ensure that the Publisher will assign all rights and obligations under this Agreement to the assignee. If the Publisher is acquiring content that will become subject to this Agreement, the Distributor shall ensure that the Publisher will use reasonable efforts to acquire the rights necessary for its performance under this Agreement, including but not limited to continued access rights. The Distributor shall ensure that the Publisher will provide the relevant party with all the relevant payment and rights information. For journal titles, the Distributor shall ensure that the Publisher will comply with the NISO Transfer Code of Practice.¹

7.14 **Completeness of Content.** The Distributor shall use reasonable efforts to ensure that the Distributor or the Publisher will inform the Licensee and/or Participating Institutions of instances where the online content materially differs from print versions of the Licensed Materials. Where applicable, the Distributor shall use reasonable efforts to ensure that the Distributor or the Publisher will cooperate with the Licensee and the Participating Institutions to identify and correct content errors or omissions, and when necessary, the Distributor shall use reasonable efforts to ensure that the Publisher will use reasonable efforts to ensure that the online content: (1) is at least as complete as the print and other physical format versions of the Licensed Materials; and (2) represents complete, accurate, and timely replications of the corresponding content contained within the print and other physical format versions of such Licensed Materials.

7.15 In order to facilitate the assessment of completeness of content, the Distributor shall use reasonable efforts to ensure that the Publisher will provide upon the Licensee's reasonable written request a report of the content in the Licensed Materials at the title, issue, chapter, or item level. The Distributor shall ensure that the Publisher will disclose to the Licensee content known or found to be missing from the Licensed Materials, including but not limited to images, pages, issues, and chapters.

7.16 If the online content is a digitized version of the print content and differs from the print or other physical format versions of the Licensed Materials so as to be substantially less useful to the Licensee, the Participating Institutions or their Authorized Users, the Licensee may seek to terminate this Agreement for breach pursuant to Section 11 of this Agreement.

7.17 **Notification of Modifications of Licensed Materials.** From time to time, the Publisher may add, change, or modify portions of the Licensed Materials, or migrate the Licensed Materials to other formats. When such changes, modifications, or migrations occur, the Distributor shall use reasonable efforts to ensure that the Publisher will use reasonable efforts to give written notice of any such changes to the Licensee and the Participating Institutions as soon as is reasonably practicable, but in no event less than sixty (60) days in advance of such event. If any of the changes, modifications, or migrations render the Licensed Materials substantially less useful to

¹ <http://www.niso.org/workrooms/transfer/>

the Participating Institutions or their Authorized Users, the Licensee may seek to terminate this Agreement for breach pursuant to Section 11 of this Agreement.

- 7.18 **Withdrawal of Licensed Materials.** The Publisher reserves the right to withdraw from the Licensed Materials any item or part of an item for which it no longer retains the right to publish, or which it has grounds to believe infringes copyright or is defamatory, obscene, unlawful, or otherwise objectionable. The Distributor shall use reasonable efforts to ensure that the Distributor or the Publisher will use reasonable efforts to give written notice of the withdrawal to the Licensee and the Participating Institutions as soon as is reasonably practicable, but in no event less than thirty (30) days in advance of such withdrawal, specifying the item or items to be withdrawn.
- 7.19 If any such withdrawal renders the Licensed Materials substantially less useful to the Participating Institutions or the Authorized Users, the Distributor shall reimburse the Licensee for the withdrawal in an amount proportional to the Fee owed and paid for by the Licensee for the Licensed Materials under this Agreement. The Distributor shall not provide and shall ensure that the Publisher will also not provide usage statistics of any Participating Institution in any form to any third party (with the exception of the Licensee) without the Participating Institution's prior written consent, such consent not to be unreasonably withheld, conditioned or delayed, unless the third party owns rights in the Licensed Materials. 7.23 **Confidentiality of Personally Identifiable Information (Personal Data).** The Distributor agrees and shall ensure that the Publisher ensures that no personally identifiable information (personal data), including but not limited to log-ins recorded in system logs, IP addresses of patrons accessing the system, saved searches, any identification data, usernames and passwords, will be shared with third parties, except in cases required or allowed by the applicable law, particularly by the Data Protection Law (as specified in Section 16.1 of this Agreement) or with the Licensee's or the relevant individual's consent. If the Distributor or the Publisher is compelled by law or court order to disclose personally identifiable information (personal data) of the Authorized Users or patterns of use, the Distributor shall provide the Licensee with prior written notice as soon as is reasonably practicable, so that the Licensee, the Participating Institution or the Authorized Users may seek protective orders or other remedies. - 7.25 **Use of Digital Watermarking Technology.** In the event that either the Distributor or the Publisher utilizes any type of watermarking technology for any element of the Licensed Materials, the Distributor shall use reasonable efforts to ensure that the Publisher agrees that the watermarks may not reduce the readability of the content or degrade image quality. - 11.1 **Early Termination for Financial Hardship.** The Licensee may terminate this Agreement, even partially with respect to particular Participating Institution or Participating Institutions, without penalty as of 31 December 2027 and subsequently every potential 31 December of the following Subscription Period if (i) sufficient content acquisitions funds are not allocated, or (ii) content acquisition funds are withdrawn or reduced, or (iii) the relevant Participating Institution does not have sufficient funds to participate, to enable the Licensee and/or the Participating Institutions, in the exercise of its reasonable administrative discretion, to continue this Agreement. 2. The Licensee and the Participating Institutions shall give the Publisher all the assistance it requests in defending any such claim; and
3. The indemnity shall be limited to the amount of Fee for the Subscription Period to be paid to the Distributor in the year in which a third party claim has been laid with the Licensee or any Participating Institutions or any Authorized Users.

- 16.1 For the purpose of this Agreement, **Data Protection Law** shall mean the General Data Protection Regulation (EU) 2016/679 (the "Regulation") and the European Privacy and Electronic Communications Directive (Directive 2002/58/EC), as amended or replaced from time to time, and the terms "personal data", "processing", "processor", "controller", "personal data breach", "data subject" and "supervisory authority" shall all have the meanings ascribed to them under the applicable Data Protection Law.
- 16.2 Without any prejudice to Section 4.2(c) of this Agreement, if any personal data is processed under this Agreement by either Party or by the Publisher, the Parties agree that each Party, including the Publisher, shall act as a controller for the purposes of Data Protection Law, unless such arrangement would be contrary to the Data Protection Law. Each Party, including the Publisher, shall (i) only process personal data in compliance with, and shall not cause itself or the other Party or the Publisher to be in breach of Data Protection Law and (ii) act reasonably in providing such information and assistance as the other Party may reasonably request to enable it to comply with its obligations under Data Protection Law.
- 16.3 Each Party will notify the other Party or the Publisher in writing and without undue delay if it becomes aware of a personal data breach relating to the processing of personal data in connection with this Agreement and shall act reasonably in co-operating with the other Party in respect of any communications or notifications to be issued to any data subjects and/or supervisory authorities in respect of the personal data breach.

16.4 If either Party receives any communication from any supervisory authority relating to the processing or personal data in connection with this Agreement, it shall (i) provide the other Party with reasonable details of such communication, and (ii) act reasonably in co-operating with the other Party in respect of any response to the same.

17. Assignment and Transfer

17.1 Neither Party may assign, transfer or novate, directly or indirectly, any or all of its rights or obligations under this Agreement without the prior written consent of the other Party, except as otherwise stipulated herein. Neither Party may unreasonably withhold or delay such written consent.

18.1 Left intentionally blank.

19. Dispute Resolution & Venue

19.1 In the event of any dispute or controversy arising out of or relating to this Agreement, the Parties agree to exercise good faith to resolve the dispute amicably and as soon as possible. In the event that the Parties fail to settle the dispute amicably within thirty (30) days, they shall submit the dispute to informal mediation, as further described below in this paragraph. The Parties shall continue to perform their respective obligations under this Agreement, unless such performance would be objectively hindered due to the existing dispute. The Party invoking mediation shall inform the other Party with a written notice of its decision to seek informal mediation, and the notice must include a description of the subject to the dispute and a proposed resolution thereof. Designated representatives of both Parties shall attempt to resolve the dispute within five (5) working days starting from the day after the delivery of such notice to the other Party. 19.2 If the dispute is not resolved within thirty (30) days of the meeting among the Parties' executives, either Party may pursue legal action in court. During such court action, the Parties shall continue to perform their respective obligations under this Agreement unless such performance would be objectively hindered due to the existing dispute.

20. Force Majeure

20.1 Neither Party shall be liable for any damage or have the right to terminate this Agreement for any delay or default in performing its duties hereunder if such delay or

default is caused by conditions beyond its reasonable control including but not limited to acts of God, government restrictions (including the denial or cancellation of any export or other necessary license), wars, acts of terrorism, insurrections, labor strikes or other work stoppages, and/or any other cause beyond the reasonable control of the Party whose performance is affected. Upon the occurrence of such event of force majeure, the Party affected shall promptly notify the other Party in writing setting forth the details of the occurrence of the force majeure event, its expected duration and how that Party's performance may be affected. This reservation will be effected, as the case may be, by means of an amendment to this Agreement based on the interest of Potential Participating Institutions mentioned in the preceding sentence to receive performance under this Agreement. The Parties may include the price for the licenses for Potential Participating Institutions in the Appendix B.

23. Severability

23.1 If any provision or provisions of this Agreement shall be held to be invalid, illegal, unenforceable or in conflict with the law, the validity, legality, and enforceability of the remaining provisions shall not in any way be affected or impaired thereby. The Parties shall replace the invalid, illegal or unenforceable provision with a new provision to achieve the same or, if not possible, the closest possible effect to that of the original invalid, illegal or unenforceable provision and this Agreement as a whole.

24. Waiver of Contractual Right

24.1 Waiver of any right, power or remedy herein shall not be deemed a waiver of any other right, power or remedy herein, nor shall waiver of any right, power or remedy regarding a breach of this Agreement be construed as a continuing waiver of any right, power or remedy regarding other breaches of the same or other provisions of this Agreement.

25. Notices

25.1 All notifications, invitations, information, legal acts and other communications ("**Notices**") made in the matters of and under this Agreement must be made in writing, the written form being retained if Notices are delivered by e-mail.

The invoice shall include a summary of all the Licensed Materials pursuant to this Agreement. The Distributor shall bear any and all costs connected with a change of the exchange rate, including but not limited to any costs which might arise due the invoice containing incorrect or incomplete information.
7. In the event the invoice is issued by an EU-based Distributor or its EU-based subsidiary, the invoice shall also contain information that the reverse charge rules are maintained and followed. This duty does not apply to the Distributors based outside the EU or in the Czech Republic.
8. If the invoice does not contain the requisites set forth in this Agreement or by the applicable legislation or these are incorrect or incomplete, the Licensee is entitled to return such invoice to the Distributor for completion/correction. In such case, the

term of payment shall be interrupted and the new term of payment shall run from the provable corrected invoice delivery date to the Licensee and pursuant to the rules set forth above. The procedure under the previous sentence may also be repeated. The Distributor shall correct the invoice in each case within 15 days as of written notification by the Licensee on incorrect or incomplete invoice. Denial of monetary performance and the related return of an invoice in accordance with this paragraph do not constitute a default in the payment by the Licensee.

9. Fulfillment of any financial duty associated with performance under this Agreement shall be understood as the moment of debiting the full amount from the bank account of the Party.
10. The Distributor is not entitled to require any advance payments under this Agreement.
11. Each Party shall bear its own costs in connection with this Agreement. The bank fees for the bank transfer are shared between the Parties.

The provisions of Section 12. – 14. of Payment Terms below apply to Distributor based in the Czech Republic.

12. The Distributor declares that it is a VAT payer and that is not an unreliable VAT payer within the meaning of the Section 106a of the VAT Act. In the event that the tax administrator starts a procedure that the Distributor is an unreliable VAT payer, the Distributor undertakes to notify such fact to the Licensee in writing without undue delay.
13. The Distributor further declares that it fulfills all the conditions set forth in the Section 109 of the VAT Act, i.e. that it has not breached any obligation under the VAT Act which could lead to the liability of the Licensee for the unpaid tax under the Section 109 of the VAT Act. The Distributor undertakes that if there is a threat or even a breach of any Distributor's obligation that could lead to the liability of the Distributor for an unpaid tax, it shall notify such fact in writing to the Licensee without undue delay.
14. Any payments made under this Agreement in favor of the Distributor shall be made to the Distributor's bank account, which is registered with the tax authority within the meaning of the Section 109 of the VAT Act, which the Distributor confirms. In the event that the Distributor becomes an unreliable VAT payer under the preceding paragraphs or there is a threat that the Distributor will become an unreliable VAT payer under the preceding paragraphs, or the Distributor's account shall not be registered with the tax administrator, or in the event that the Licensee is aware of the facts decisive for the legal liability of the Licensee for the payment of VAT within the meaning of Section 109 of the VAT Act, the Distributor expressly agrees that the VAT from the Fee under this Agreement shall be paid directly to the tax administrator's account in accordance with the applicable legislation.

The Distributor takes on the risk of a change in circumstances under Section 1765 (1) of Act No. 89/2012 Coll., the Civil Code, as amended.

Add-on Products and Negotiated Discounts:

The Article Publication Charges (“APCs”) shall be included in the Fees for all Eligible Articles, as set out in Appendix E for Participating Institutions that selected to participate in the Read & Publish Agreement (indicated in Appendix B). Other applicable charges such as page charges, multimedia charges and any other kind of publication charge which are not APCs will be payable by the Corresponding Author, not the Licensee.

Appendix B: Participating Institutions, Potential Participating Institutions and Fees

Appendix E: Open Access terms (for any Open Access publishing under the Agreement)

The Distributor shall ensure, guarantee and is liable that all Publisher's obligations outlined in this Appendix shall be fulfilled.

Applicable only to Participating Institutions participating in the Read & Publish Agreement (as indicated in Appendix B)

- 1 Subject to the remainder of this Appendix, with regard to the fees payable for periods starting on or after 1 January 2026, and during the term of this Agreement, the Distributor will charge the amounts outlined in this Agreement in Appendix A.
- 2 The "Corresponding Author" shall be defined as the author that is the author listed as Corresponding Author at the time of submission, and is the person responsible for communicating with the journal during the peer review and publication process.
- 3 For the purposes of this Agreement, a manuscript may not have more than one Corresponding Author for Eligible Articles (as defined below) under this Appendix. This includes post-publication contact authors, which may differ from the Corresponding Author.
- 4 The Corresponding Author may not be changed retrospectively without approval in writing by the Publisher and only in exceptional circumstances. A request to change the Corresponding Author may result in the manuscript being reassessed in peer review.
- 5 An "Eligible Article" is an article which:
 - i. has a Corresponding Author that is a current staff member, researcher (permanent, temporary and visiting), or student of the Participating Institution at the time of article acceptance;
 - ii. is published within an Included Journal (listed in Appendix F)
 - iii. is a manuscript of the type paper, special issue paper, review and/or letter (intended to cover all original research and review type content);
 - iv. has been accepted by the Publisher within the Agreement Term of this Agreement. The submission date of an article does not determine the eligibility of the article; and
 - v. has been identified for inclusion within this Agreement under the process outlined in clause 7 below.

- 6 The Article Publication Charges (“APCs”) shall be included in the Fee for all Eligible Articles; there shall be no further payments for authors (except as described in article 7.5)
- 7 The following process to identify and include Eligible Articles under this Agreement shall be followed.
 - i. During the peer review process, the Publisher will make reasonable efforts to identify and inform Corresponding Authors of their article’s possible eligibility for inclusion in this Agreement and/or the Publisher will use reasonable efforts to ensure that the respective partner informs those authors where a journal is owned by that partner; the Publisher and its partners assume no liability for failure to identify whether a Corresponding Author is a current staff member, researcher or student of the Licensee;
 - ii. The Corresponding Author may opt out in writing from their article being included under this Agreement within five (“5”) days of being notified of possible eligibility;
 - iii. Where a potentially Eligible Article is identified, the article will be published as an open access publication unless the Corresponding Author opts out within five (“5”) days of notification;
 - iv. If an article is published on a subscription basis, but is identified subsequently as an Eligible Article, at the sole discretion of the Publisher the article shall have its status changed retrospectively.
 - v. Where an Eligible Article is published on a gold open access basis under this Licence, no additional charges for publication of the Eligible Article will be payable. For the avoidance of doubt, where the Corresponding Author opts out from their Eligible Article being included under this Licence, and opts to publish that article on a subscription basis instead, any charges payable for publication of the article, including, but not limited to, page charges, will remain payable by the Corresponding Author; and
 - vi. The decision whether or not to publish any article shall be taken by the Publisher and / or respective partner in its absolute discretion, using its editorial criteria.
- 8 The Publisher will deliver article metadata including Open Access licence information to CrossRef.
- 9 Any Eligible Article will be published under a Creative Commons CC BY licence and can be posted to institutional and subject repositories immediately, in accordance with the terms of that CC BY licence or, if not CC BY, in accordance with the terms of the applicable CC licence.
- 10 The Publisher will send quarterly reports and an annual statement of the Eligible Articles accepted and published within the period to the Licensee.

- 11 The Publisher will notify the Licensee in writing when any titles will be added or removed to the list of Included Journals (Appendix F)
- 12 Participating Institutions are eligible to upgrade from a Read Only Agreement to a Read and Publish Agreement subject to mutual written agreement between the Distributor and the Licensee of the applicable fees.
